Currently, the distribution platform Epic Games Store is currently offering a free program for 3 titles including World War Z - third-person shooter, Figment - action adventure game and Tormentor X Punisher - shooter top view. The free program lasts until 2/4/2020, those who love these games quickly download and experience offline.

World War Z

World War Z is a very noticeable third-person co-op third-person shooter on the market today.

In the game, players will team up with other players to fight each attack of large and reckless zombie herds.

World War Z with an attractive Co-op game mode, a variety of character classes, equipment and diverse weapons has received many positive reviews from the player.

Figment

Figment is an action adventure game with a unique surreal universe as inside a dream. The player's task is to join Dusty and his optimistic friend, Piper on an adventure against nightmares to restore the lost courage.

Figment with good music, hand-drawn graphics, engaging storytelling and humor have received many compliments from experts and players.

Tormentor X Punisher

This is a top-down shooter game with extremely fast-paced twin-stick shooting gameplay. Everything experienced in the game can be destroyed in one hit, including players, enemies and bosses.

In particular, the AI of the enemy can adjust itself to adapt to the player's gameplay. You can even get punished for playing one color game. Tormentor X Punisher brings a very exciting experience to players, something that very few games can do.
