

# Plug in chrysanthemum flowers to bring home into the house for Tet holiday 2019

Beside apricot, cherry blossoms to display on New Year's day, chrysanthemum is also an indispensable flower in every Tet of every family. Here are 8 simple and beautiful flower arrangement methods that bring extra benefits to your family on this 2017 New Year.

Chrysanthemum has for a long time, this is a flower that is quite popular with people because of its lightness and aroma. Besides chrysanthemum also means expressing nobility, peace, warmth, bringing a lot of money to the owner of the house on every occasion of Tet.

Not only cherry blossoms, apricot flowers used during Tet, chrysanthemums are also the flowers that many sisters buy to play flowers every Tet to come, this can be considered as a traditional beauty of every Vietnamese family. .

If cherry blossoms mean to ward off evil spirits, chrysanthemums bring freshness, increase happiness and happiness as well as welcome to home. Chrysanthemum has many different ways of plugging, can be plugged alone or interwoven with many other types of flowers. Here TipsMake.com please send you to read 8 ways to plug chrysanthemum to bring prosperity into the house during the Lunar New Year 2017.

## **1. How to plug chrysanthemum interwoven with other flowers.**

This can be said to be a fairly popular way of plugging in on the New Year. A vase of flowers with many colors is combined by many different types of flowers such as roses, lilies, . Although each flower has different meanings, but is symbolic and carries a meaning for the new year full and affluent, complete for the family of homeowners.

With this plug you can combine with a glass vase and put in the center of the living room to decorate the house on Tet.

## **2. Plug the flower into a small bucket**

Instead of plugging into a vase, you can take advantage of the small bucket of children's toys, so that you can create a vase to decorate your family on Tet. With this plug, you just need to use a bunch of white daisies and plug the stems into the bucket to form a vault for the flower vase, creating a vaulted shape that is as meaningful as covering and protecting the emblem of the family. family. If you find it difficult to create the dome yourself, you can also use a small piece of iron net, put it on top of the pot and start flower arrangement as usual, the flowers will stick to the net and form. an dome, it's simple, isn't it?

With flower arrangement in this bucket will be very suitable for you to decorate at the door steps, balconies or window frames . Will make your family room bright to welcome a lucky new year, well-off, welcome to lucky family fortune for next year.

### **3. Use a tall vase to flower**

Besides taking advantage of the bucket for flower arrangement, taking advantage of a tall family tea pot to make a flower vase is also an interesting suggestion, isn't it? You just need to prepare a few big daisies, a little colorful and add your ingenuity and creativity, then surely you will have a beautiful vase of daisies. With the high average sample, you should pay attention to the length of the chrysanthemum branch, choose the color of flowers and vase to harmonize with each other!

#### **4. Plug the chrysanthemum into a square vase**

In addition to the round and tall vase, you can also create a new way to use that is to use square vases to make a vase of your own. When you flower into a square, you should note, the flowers are the most suitable with the square glass of chrysanthemum flowers blooming, dark yellow, besides you can prepare a little more sunflowers, 3-5 white, yellow, or yellow roses, with big yellow and orange daisies, some green leaves to decorate each other to create more colors, avoid boredom for flower vases. When plugging you need a little creativity, a little skill and aesthetics of color, you can certainly plug yourself a brilliant vase of chrysanthemum for the New Year more colorful.

With this way of plugging a chrysanthemum, you can decorate it at the dining table, or the bedroom will be very reasonable. With the colorful combination of other flowers will surely make the house new and brilliant welcome a new year on the way.

## **5. Plug the daisies into the basket**

The beautiful baby baskets can also be used to flower, with this plug you choose the type of white daisies to plug into the vase, with a vase from this basket will bring a rustic feeling, simple But equally luxurious and elegant for your home. Please choose for yourself a beautiful, cylindrical flower basket, but also squares can be, surely with this way of plugging in, the girls who do not need to hand, can also plug their beautiful chrysanthemum baskets!

## **6. Plug the chrysanthemum into the bowl**

Yellow chrysanthemum plugged into white ceramic bowl is also very beautiful and new. The plug is also very simple, you only need a bowl and use foam to fix the position of the flower to be more certain.

## **7. Plug the chrysanthemum into a glass vase**

This type of plug is also quite popular and applied by many women, in addition to plugging daisies to give to the ancestor worshiping committee on Tet holiday, you can leave a vase of flowers to decorate your dining table, your desk. part color. You should pay attention to choosing a flowerpot suitable for small glass jars, with a moderate height that will help the flowerpot become delicate, mix something more classic, but still bring warmth to the day. Tet, as a subtlety is shown through the flowerpot. Certainly this is a simple way of flower arrangement.

## **8. Plug the chrysanthemum on a glass jar**

This is a flower arrangement that is very suitable for displaying banquet tables. Round the block before placing it on the flowerpot. After that, cut the yellow and orange daisies with equal lengths plugged to the stalks to be completed. You should pay attention to the color of the vase!
