Poetry wishing Christmas, Poetry Noel, Poetry Noel full of meaning and humor

Christmas poetry: Sincere

I love you without cheating.

Our love is absolutely right, isn't it?

I love you, I love you back.

Have you ever eaten each other's interest?

The downstream water flows thousands of years.

This life I just love her forever

I wish you a happy Christmas Xoxo

Christmas poetry: Christmas is beautiful

Noel thought it would be a beautiful night
He expected how much romance
But reality is the opposite

Step to my house, the ball is evil.
Stand and wait for five minutes for my father to come out.
Poetic in front of a few dogs.
Strabismus behind, scrub brush...

Today Noel is so beautiful
May God give me more flavor
Eyes are more beautiful than the Milky Way
The voice is more holy and fun early in the afternoon

Christmas poetry: Poetic love story

Old English love poem written all night
I still have a poem dedicated to you
Heaven is far from Christmas to the end of the alley
You alone heard the wind suggesting poetry .

The words of English poetry were ridiculous
Sent to me, waiting for anger
Poetry is finished, but at the end of the sentence, it melodies
Let love poems softly in the beginning .

How many poems have been made so far
I write in the middle of the day waiting for the month to wait
Although the distant light is soft
Or happy jokes for each other

There are poems to laugh quickly
There are also sad poems
When we were happy, we laughed and laughed
When sad poetry is comforting each other .

How about Christmas on that place?
He also understood the secret pain
I just hope for you to stop
Happy with a future decision .

This Christmas I pray forever drunk
Say in poetry . silently spicy enamel
Drunk in the heart . to endless poetic souls
Say in love . poem dedicated to You

Christmas Poetry: Santa Claus

Noel, look forward to Noel's arrival
To celebrate a Christmas season
Pick up white snow, get a small gift
Both the old man wearing red goes through .

Grandpa, why not wait for me? Seeing how he said he was
He quietly gave gifts to the child
Beautiful gift and compassion for people .

He was quietly alone
Another Christmas season
He was alone
Under the starry sky
Feel cold numb lips

Remember Christmas
Take a walk
Under glitter colored lights
Brilliant throughout the city

We pack presents for each other
How happy truth!
Now we are far apart
I sent back the pain
A whole moon and stars .

Christmas last year is too far away
I have been with you for a couple of times
Watch the midnight ceremony in the cold wind
Hands in the hands of the stomach

The lights were shining brightly in the sky
Crowded people crowded with laughter
The bell is ringing with holy music
Our Lady is shining high on her eyes

Christmas is coming every passing day
Brilliant flower lights in front of the house
Cheerfully anyone's eyes were waiting

The cathedral echoes the distant bell

Mother's eyes are high in tears
Loving the baby swarms in love
Cry for humanity how miserable
She spread her arms to cover

Christmas Poetry: Missing Christmas season .

I molded myself with white snowflakes
Perfume of the old days of the previous Christmas season
The old pine knows if there is a desire
About the smile that is too warm to love

Snow still wandered over the roads
The place where the cross of the bell rang comes
This year's gift stopped making an appointment error
I hope wherever people are warm and poetic

Send love on earth idly
May I be happy not to be disappointed with God
The humanity department erases the eternal curse
By Christmas - collect firewood in the past .

Add a lord to the ocean
I sang the hymn last year
One more time, the Lord lost his step
One more time between the wanderings
She stopped walking and turned oil to look back. . .

Any sadness I dropped was scattered
Like the footprints of a lost reindeer

There is a gift for the king
Let someone this Christmas do not cry. . .

The cathedral is empty and the bell is far away
God left the corner of the church
A prayer for love
Leave it for now to miss. . .

This Christmas please sad drops do not break
Don't wait for the day's wish
Gifts for me only stars
Although I know noel is cold .

Christmas Poetry: Merry Christmas

Christmas greetings to every home
Singing and singing happily together
Come on to celebrate
Good enough, happy wine exchanged
The day is gradually lightening
The lightness of the winter is light and the color of the spring sunshine.

Prayers on Christmas night
I kneel and bow to God high
In the middle of the cold night, longing for prayer
The life of the people through the tank
May the grace of God bless you

The world shuns sadness
People who love people with peaceful love
Far from the fire of spirit
People love will forever be for each other

Mother stopped crying the first silver
Father stopped hurting the pain of love
I have early dawn
The future expands between humanity

I live my life in a bad life
Heavenly salary to stand wild to find her
Human Bridge extends its arms
The world escapes to save the world

Give me wings gently
Bounding around with the body
Pray for far away will be near
Nine floors covered the night bells sound good .

.
(I kneel to Christmas
Let me live peacefully tomorrow .
