

Pokémon Masters 'pocketed' 10 million downloads in just 4 days

The new Pokémon Masters is only available on the app stores for iOS and Android for a mere 4 days but has quickly pocketed 10 million downloads.

As of September 3, the new Pokémon Masters is only available for iOS and Android app stores for only four days, but the most anticipated mobile game in the second half of 2019 has quickly retired. Pocket 10 million downloads on all platforms, showing the appeal as well as the level of interest in the Pokémon game in general is still very impressive.

Pokémon Masters was officially launched worldwide on August 29, but the game had previously caused a fever in gaming forums around the world.

1. 'Hack' the dinosaur game of Google Chrome to make your T-Rex immortal and max speed

Pokémon Masters quickly pocketed 10 million downloads on all platforms after only 4 days of launch

Basically, Pokémon Masters will give players a completely new Pokémon fighting style experience, and there will be a lot of familiar characters from the mainstream Pokémon game series. Instead of focusing on the journey of exploring the Pokémon world, recruiting a lot of different Pokémon to become the best trainer as the regular motif, in the world of Pokémon Masters, players will transform into training tablets of a partner Pokémon. The two will combine to form a pair of sync (sync pairs) and fight to become the champion. Overall, the Pokémon Masters will give you a more interesting experience of a large and varied 'competition' arena in both character and combat style as well as tactics.

In the world of Pokémon Masters, players will transform into coaches of a partner Pokémon.

Return to the initial success of the Pokémon Masters only after a short time of launch. To make it easier to imagine, we will try to make a comparison between Pokémon Masters and another Pokémon game that has been raining all over the world not long ago: Pokémon Quest.

According to market analysis firm mobile app Sensor Tower, Pokémon Quest is also considered one of the most successful mobile games of 2018, but it took 7 months to get 10 million downloads. all platforms, while Pokémon Masters only takes 4 days to achieve the same achievement - showing the 'terrible' attraction of this cult game. It is also worth noting that Pokémon Quest is available on the Switch series, while Pokémon Masters has only been released on mobile platforms.

Sensor Tower's statistics also reveal that Pokémon Masters has helped DeNA developers earn more than \$ 10 million in revenue in just 4 days from the time of its official launch.
