

Powerful damage weapons in PUBG Mobile

Weapons are indispensable elements in PUBG Mobile if players want to preserve their lives.

For any survival shooter game like ROS or PUBG Mobile, weapons are always an important factor to protect players, as well as help you be the ultimate winner. And in the list of hundreds of guns there will be weapons that possess formidable damage power. If lucky players own them, they will be more active in the fight. The following article will gather powerful weapons in PUBG Mobile.

1. PUBG Mobile errors and how to fix them
2. Basic mistakes to avoid when playing PUBG Mobile
3. Loot locations in PUBG Mobile

Top big damage weapons in PUBG Mobile

1. AWM password

In the PUBG Mobile sniper rifle series, AWM is ranked in the top 1, leading sniper rifles. Guns with a damage index of up to 120, bullet speed and range are at the top of the list.

The number of bullets in the ice is 5 capsules but can be raised to 7 members if the magazine is expanded. Gun radius can cause maximum damage of 150m and minimal operation at 679m.

2. Crossbow (Crossbow)

In terms of long-range attack weapons, the crossbow can fire long-range with a headshot hit, even if the enemy uses level 3 hats. Unlike the gun when used, there will be noises and crossbows that completely silence the

opponent. can't judge the situation. The only exception to this weapon is the reload speed and relatively limited range of use.

3. M24

M24 talks about the ability to damage only behind AWM, lowering enemies easily at level 2 hats. Players can combine guns with a lot of accessories such as viewfinder, firearm, .

4. Karabiner 98 Kurz

Kar98k will be able to see a lot of places on the map because it's easy to search when loot. The gun has nearly equal damage to M24, it is flexible, highly accurate with a maximum radius of 500m. However, players should note that Kar98 has a slow change of bullet speed, so it is necessary to find a thorough hiding place to replace the bullets, in case you are attacked unexpectedly.

5. Sawed-Off

The sawed-off is classified as a short-barreled shotgun, having the greatest damage in this line. Guns will be appropriate when shooting at close range, close range, not far from the target.

The Sawed-Off is classified as a pistol, so the player will not lose a slot for other large guns.

6. Winchester Model 1894

Win 945 sports rifle works well in a distance of 300m, with 8 rounds of ammunition tape. Guns operate on the mechanism of bullets and shoot each one, can take down enemies with a headshot or level 1 hat.

It can be seen that sniper rifles including AWM and Kar98k are always in the top of guns with great damage. So the player should try to own a sniper rifle in his backpack. Particularly with the two types of guns at the end of the list will be the last option if the player has no other choice.
