EA FC 26, the next version of the famous football series from EA Sports, is coming very close to players. For the virtual football community, especially the Ultimate Team mode, 'starting early' always brings a huge advantage in building a squad, experiencing gameplay and grasping the meta.

The preload feature allows players to pre-install the entire game before the official server opens. Thanks to that, you just need to wait until the release date to be able to enter the field immediately, without wasting time waiting for the huge download capacity of more than 57 GB.

EA FC 26 pre-load start date and installer size

1. Ultimate Edition: Pre-download available from September 17, 2025.
2. Standard Edition: pre-download available from September 24, 2025.
3. Game size: approximately 57.2 GB (confirmed by PlayStation Game Size account).

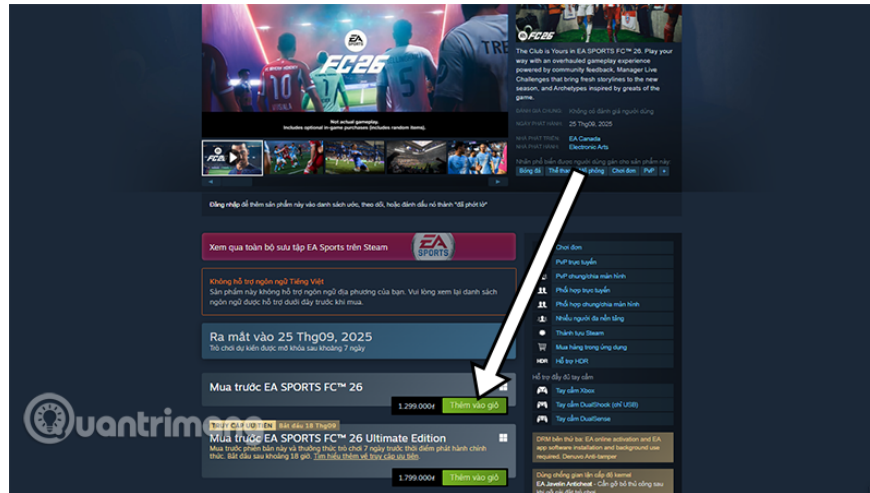

In particular, Ultimate Edition players can also experience 7-day Early Access, which means they can enter the game from September 17 via FC 26 Web App to start the season in Ultimate Team.
