PUBG Mobile: Instructions for getting free stuff with Halloween events

Step 1: In the current PUBG Mobile main interface, click the **S4D** icon at the top right.

Step 2: Here you will have two items for sale for the price you have to buy in cash in the game, each item will have a **Bargain** button, click on it to start making "bargain" prices with the house manufacturing.

Step 3: You can see the percentage bar of the item is increased when your friends bargain, select the **Invite** section below and invite all your friends to enter, the more bargain people buy, the more the price. The item's price will drop very low, along with the percentage bar price also increases.

When the percentage bar is 100% full, then you get the item **for FREE** , you don't need to spend a single coin to buy it. Note that this bargaining session has a time limit for each item, and the countdown time is displayed directly below the item.

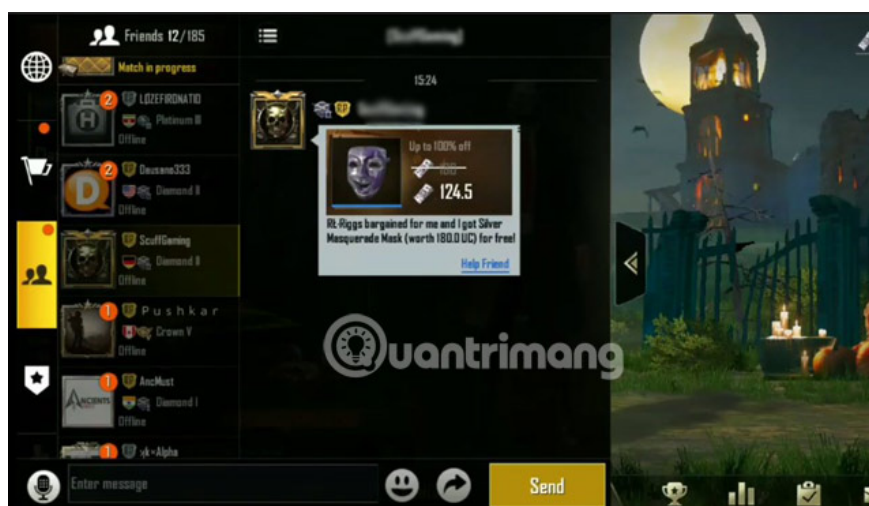

If you have reached the 100% milestone without "whipping" they will disappear and PUBG Mobile will open another bargaining session.

If you want to buy the item at a low price or get it for free, just click on BUY to buy.

Step 4: If your friends ask you to bargain their item, notice it at the chat window. Click on it to open the chat window, in the **Friends** section you will see a message from your friends, click **Help Friends** to help them

Step 5: You will see what percentage of your friend's bargaining session is is, and what price your friends can buy at that time. To help them bargain, click **Help with Bargain**.

That's how you can get expensive items without having to spend a penny to buy, this event is only for those with many "comrades" to play with, especially those who often play SQUAD mode. As for those with little friends, it is certainly not easy to bargain.

In the recent PUBG Mobile Halloween version, in addition to this event, PUBG Mobile also updated gamers with various game modes, weapons and items for players to experience. One of them is the **Night Mode**, which will cause the time on the **Erangel** map to go from day to night and there are many changes that you need to keep in mind.
