Here are a few notes when playing Team Deathmatch PUBG Mobile mode

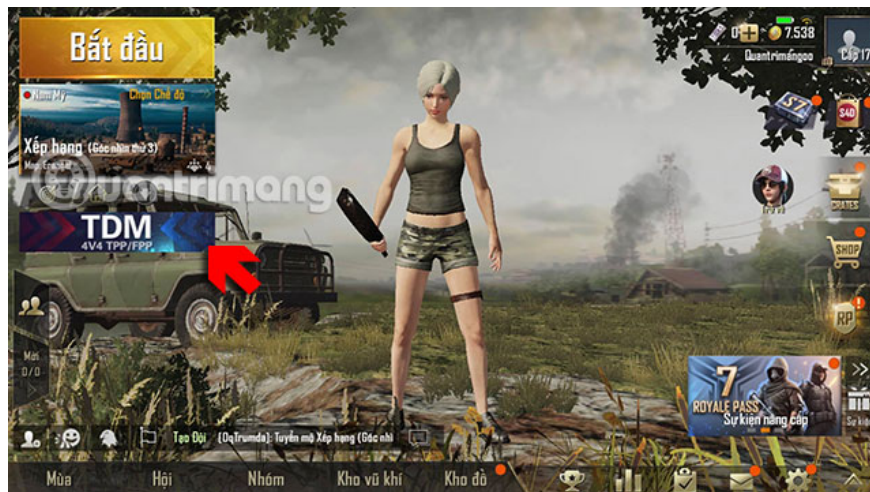

Team Deathmatch mode is probably not too strange for many gamers who love shooter games. This mode is quite popular in many online FPS games, and now it has been posted on PUBG Mobile.

In PUBG Mobile, Team Deathmatch will allow gamers to participate in a small map with only 2 teams, 4 teams each. Both teams will be responsible for destroying the other team's goal until the required number is reached, then the team will win. If you have not experienced this mode, please take a look at the instructions below to see how this mode works.

## Team Deathmatch PUBG Mobile mode and instructions for playing

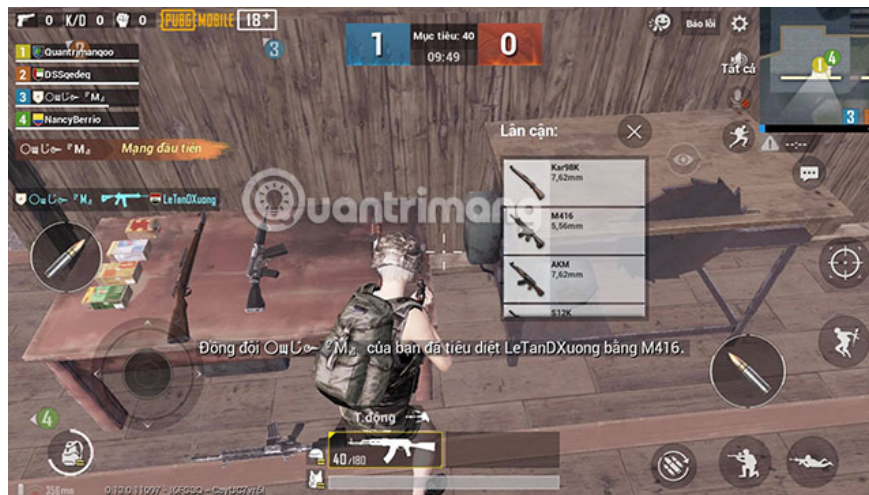

**Step 1:** First update your PUBG Mobile to version 0.13.0, outside the main lobby. Click TDM 4v4 TPP / FPP to open Team DeathMatch mode.

**Step 2:** Next you will see in the Infinity mode there is Team Deathmatch mode, click OK.

Then go outside and click **Start** to enter, wait a while to catch the team and choose the opponent. Once in the game, you will be given a choice of weapons, and there will be a number of bullets available in your backpack.

As for grenades, it will be outside, please take out the square blocks as shown in the picture. There will be some grenades lying on it.

You can wait in front of the door, wait for the resurrection to destroy, but find shelter.

Unlike survival mode, you will be revived when you die when playing Team Deathmatch mode. Unlimited revival times.

The number of kills to win is 40 kills, the statistics of the match stat will show you the number of kills / death in each player's match.

This Team Deathmatch mode has a very short time, usually only for short breaks or waiting. In general, the goal is for users to be entertained for a short period of time instead of wanting to play other games.
