Character ranking in Dislyte

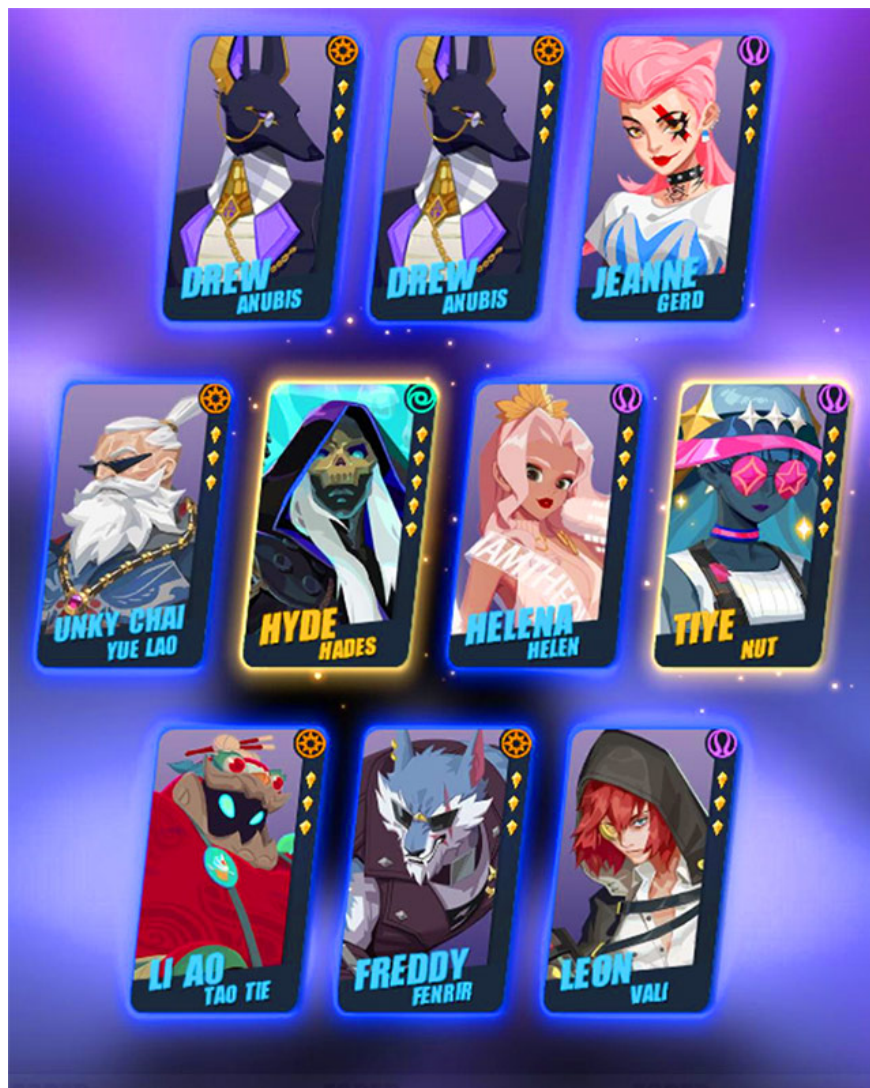

With over 50 characters to choose from, it's difficult to determine which of the Dislyte ranked characters below are the most effective in battle, especially if you haven't unlocked all of them yet.

Therefore, we at TipsMake will help you determine which characters will be on that list to help you create a strong and effective team in all situations.

There are a few standout characters in the SS class, which are both extremely powerful and extremely difficult to obtain, such as Gaius and Meredith. Of course, if you still want to use low-ranked characters, you can still make them stronger by upgrading them.

How to reroll in Dislyte?

Rerolling in Dislyte is not as simple as in other games. It's also worth noting that you need to complete up to chapter four before you have enough money to do ten gacha spins, so the process is somewhat more time-consuming than other games. However, if you are determined, follow these steps.

1. Open Dislyte
2. Tap the Avatar icon in the upper left corner of the screen
3. Click Settings in the new menu that appears
4. Select the Services tab in the settings menu
5. Under Account Services, select Re-create account (can create after passing the 2-16 main test)
6. Enter the code displayed on the screen into the text input box
7. Select Confirm

Once you have pressed confirm, you will reset the game and can proceed to stage 4 again for ten spins. However, you can only reset your account a maximum of three times, and high-rarity characters are hard to get, so if you can get a few worthwhile characters to start with, it's worth it. Maybe you should wait for another chance to shoot.
