

# Pets Trading Value Ranking in Grow a Garden

Grow a Garden Pet Value List: Prismatic, Divine, Mythical,... with Sheckles price and demand.

Since the introduction of pets in Grow a Garden, the cultivation of rare plants or the increase of gardening efficiency has flourished. These companions are not just cute figures wandering around the garden.

Whether you want to get free seeds or mutate high-value crops, your pets are always important. However, the true trading value of pets is often not accurately represented by the merchants in Grow a Garden. This causes you to sell pets for much less than the actual Sheckles.

That's why when player-to-player trading begins, many players turn to buying and selling top pets at fair prices from other players. In this guide, we've compiled a complete list of pet trading values in Grow a Garden for all rarities: Prismatic, Divine, Mythical, Legendary, Rare, Uncommon, and Common. Check out how much your pet is worth in Sheckles and get rich.
