

# Razer Blade Pro 17 2020: High-end gaming laptop with Comet Lake CPU and 300Hz screen

Blade Pro 17 comes with Intel's H-series processors, up to Core i7-10875H with 8 cores and 16 threads. GPU up to Super Nvidia GeForce RTX 2080 with Max-Q design, promising 25% performance improvement.

Razer has launched the new generation of Blade Pro 17 gaming laptops (Blade Pro 17 2020) with a series of hardware improvements that focus on the power of heavy gaming and support content creation work.

Both Blade 15 2020 and Blade Stealth 13 2020 launched not too long ago have been upgraded to Razer's 10th-generation Intel processors with Comet Lake and Ice Lake 10nm, respectively. Therefore, Blade Pro 17 2020 is a higher-end product, of course, it will also own the latest and best hardware from Intel and Nvidia.

The new version of Blade Pro 17 comes with Intel's H-series processors, up to Core i7-10875H with 8 cores and 16 threads. The GPU is up to Super Nvidia GeForce RTX 2080 with Max-Q design, promising 25% performance improvement over previous RTX models. Along with that is 16GB of DDR4 RAM and 512GB or 1TB SSD storage.

## Razer Blade Pro 17 2020

One of the highlights to mention on the new Blade Pro 17 is the screen. Razer equips its pet with a really quality panel with very large size, up to 17.3 inches, Full HD, refresh rate (refresh rate) up to 300Hz for smooth transition. and sharp. There is also a 4K UHD resolution option with 120Hz refresh rate and 100% DCI-P3 color coverage, making it an ideal laptop not only for gamers but also for content creators.

In addition, Razer has also optimized the bezel border around the screen, greatly reducing the overall size of the device while giving a more modern feel.

Regarding the connection ports, not too much changes on the new version. The Razer Blade Pro 17 2020 will still have 3 USB 3.2 Gen 2 Type-A ports, 1 USB 3.2 Gen 2 Type-C port, 1 Thunderbolt 3 port, 1 2.5Gb Ethernet port, HDMI 2.0b, and UHS SD card reader. -III.

The new Razer Blade 17 Pro models will start shipping in late May at prices starting from \$ 2,599 for the lowest-spec version.
