

Realm Royale, a new super cool survival game for free on Steam

Realm Royale has its own unique gameplay and features, never appearing on Battle Royale titles before.

Realm Royale is a survival game created by Hi-Rez Studios, producer of the Paladins shooting game. Therefore, Realm Royale has a background with characters from Paladin.

In the game, players will be taken to a large island. Here, you will have to find ways to survive and fight with 100 other opponents to become the last survivor / team.

Realm Royale has its own unique gameplay and features, never appearing on Battle Royale titles before. Before the start of the match, the player will be able to choose one of five character classes including Warrior, Mage, Assassin, Engineer and Hunter. Each character class has its own skill set and when combined with each weapon, it will promote its own effect.

Hi-Rez Studio has released Realm Royale for free through the Steam system. If you want to experience this exciting game, you can visit the link below to download the game.

Note: To download the game, you need to have a Steam account.
