The price of Redmi K30 Pro will be very loving, being evaluated as a smartphone equipped with high-end Snapdragon 865 chip with the cheapest price today.

Redmi has just officially launched the Redmi K30 Pro, the successor to the K20 Pro and Mi 9T Pro launched last year.

In terms of design, the K30 Pro is completely different from the K30 version that usually comes out in December. The K30 Pro 4-lens version with a circular module includes a 64MP main sensor, a 13MP ultra-wide-angle camera, a 2MP macro camera and a telephoto camera 5MP. All are arranged symmetrically into an inner square.

Meanwhile, the selfie camera has a 20MP resolution, supports 120fps video recording, is designed in a pop-up format, rather than punching like the K30.

Redmi K30 Pro is equipped with a 6.67-inch AMOLED screen, 1080p resolution, 60Hz refresh rate, support HDR 10+.

The power of Redmi K30 Pro comes from Snapdragon 865 chip. It has 5G support. The battery of the machine has a capacity of 4,700 mAh and fast charger 33W.

Redmi K30 Pro has 8K video recording, has a 3.5mm jack, is IP53 waterproof, supports the latest Wi-Fi 6 standard.
