

# Rescue Cut answers from 1 - 100

Here is a summary of how to solve Rescue Cut, the game is not too difficult, but if you encounter a difficult stage to eat, please refer to the Rescue Cut guide in this article.

Rescue Cut - Rope Puzzle is a rescue-style puzzle game that frees the protagonist from threats the publisher creates around. Our main character will be hung up and you are only allowed to cut the wire until the killers, the animals and the surrounding obstacles have been disabled.

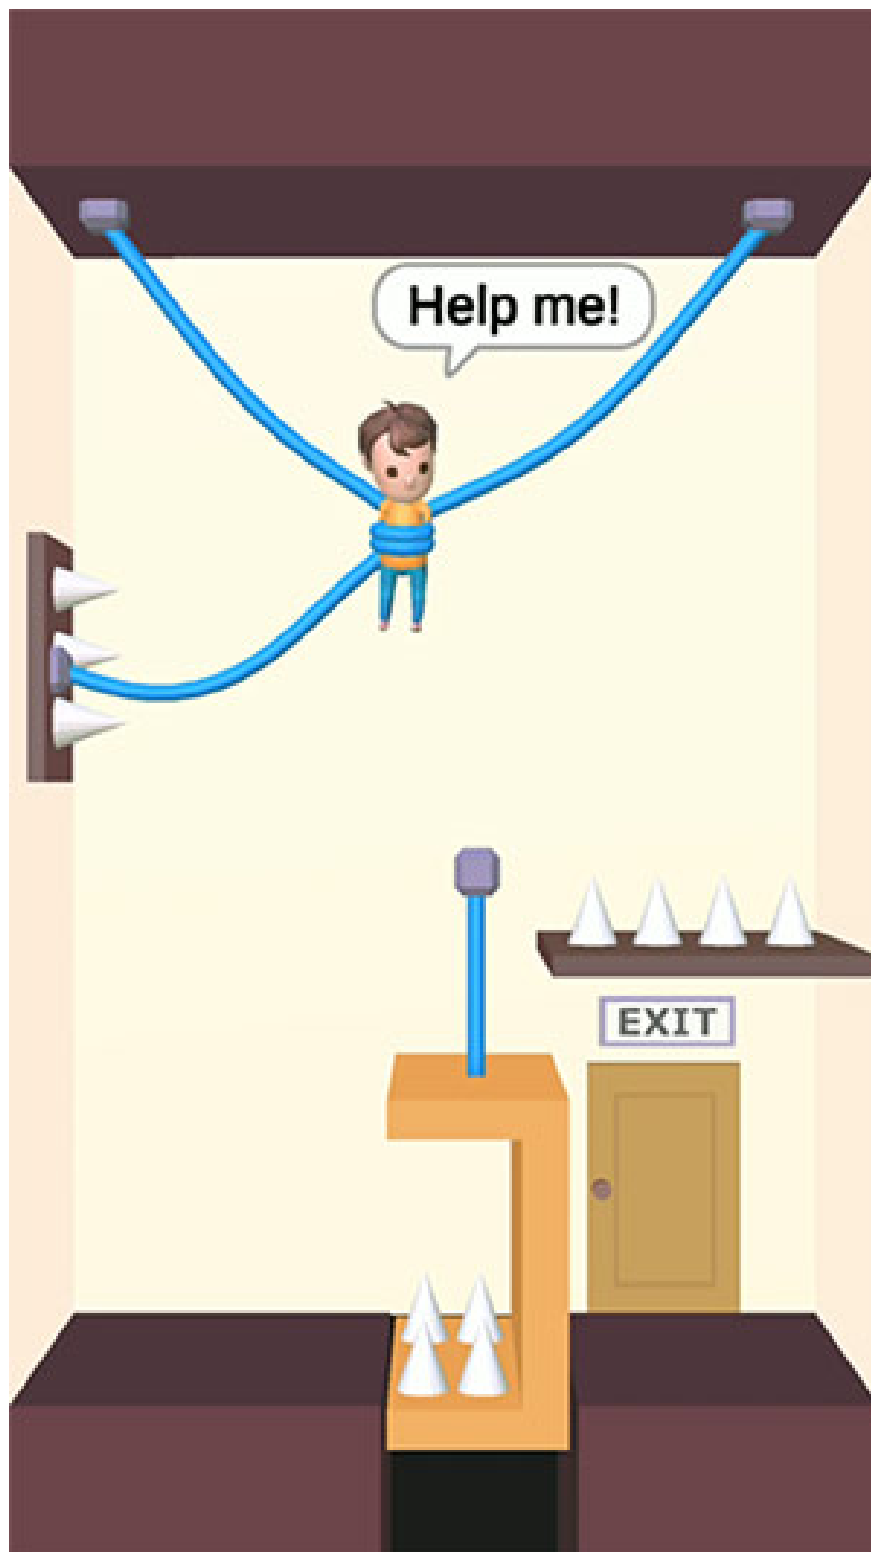

The game not only requires the player to judge how to help the protagonist escape from the surrounding threats. The difficulty of the game is not too difficult but there are levels that players need to hurry their eyes to be able to overcome. If you find any level too difficult, you can see the Rescue Cut answer below.

## Answers Rescue Cut, instructions Rescue Cut 1 - 100

Those who have ever played through the game Cut the Rope are no stranger to Rescue Cut. The only difference is that Cut the Rope requires the player to cut the right candy for the frog.

And with Rescue Cut, you just cut obstacles or cut them to kill the killers or beasts to help the protagonist escape.

Compared to Cut the Rope, Rescue Cut is more interesting when players also have different character skins to role-play for the game. There are quite a lot of Rescue character skins that you can get when taking attendance by day, unlocking in the game screen, unlocking characters when completing the number of screens.
