

## Revealing evidence that Elon Musk is 'tuesday' shattered the happiness of Johnny Depp family

The images extracted from security cameras show that Elon Musk and Amber Heard had cuddled gestures like a couple in the elevator of Johnny Depp's apartment.

The story 'rice is not good, soup is not sweet' between Johnny Depp and Amber Heard family has caused the press to spend a lot of ink and paper over the years. After officially debuting in 2017, the couple was so bitter that they continued to fight and even repeatedly dragged each other to court for various reasons, but the ultimate goal is still just Dating each other for eh.

Recently, the Daily Mail suddenly posted an image of Maman of Aquaman comfortably cuddling with another man right in the elevator of the apartment where she and Johnny used to live. Upon closer inspection, the online community immediately realized that this 'tuesday' was the technology billionaire Elon Musk, unable to go anywhere.

Amber Heard with a strange man in the elevator.

But after that, the two of them immediately began to cuddle together like a real couple, but this face was a bit familiar .

In this corner, it is indeed billionaire Elon Musk, there is no mistake.

Daily Mail said this was the latest evidence that Johnny Depp's team of lawyers presented to allege Amber had an affair while they were still husband and wife. The pictures above were extracted from CCTV in the elevator of Johnny's luxury apartment in Los Angeles. Although the camera does not show the date clearly, there are

many witnesses who have revealed the shady relationship between Amber and Elon Musk many years ago.

Daily Mail said the security team here confirmed that Tesla's CEO had visited Amber Heard several times before and after she filed for divorce in court in 2016. Amber's 'friend who often comes home to play in the middle of the night' and pointed out the following morning.

In a file that Johnny's team of lawyers sent to the court stated: '*Just a month after Mr. Depp and Mrs. Heard got married, Mr. Depp had to go abroad to film, Mrs. Heard invited Mr. Musk to play house. Late at night in Depp's Eastern Columbia Building. In addition, Ms. Heard also asked the security team here to allow Mr. Musk to park the car in the basement of the building and to use the elevator, especially at night. The security team confirmed they had carried out such procedures, and only saw Mr. Musk leave the next morning .*

Previously, this talented billionaire has claimed he only started to learn about actress Aquaman a few months after she and Johnny officially divorced in May 5/2016. However, to the latest witness evidence, it seems that these claims are only lies.

Not only Elon Musk, the security camera also recorded Amber Heard cuddling James Franco in this elevator.

However, it seems that Elon Musk is not the only 'night partner' of Amber Heard at Johnny Depp's apartment. In July 2019, netizens were upset by the video Amber adjacent to the cheek with actor James Franco, also in this elevator. The difference is that this time, the security video showed a specific time, at 11 pm on May 22, 2016. At first, both seemed to be aware of having a camera, so they kept their distance from each other. However, just a few seconds later, the two of them immediately made close gestures like a real couple, and left the elevator at the same time.

The controversy between Johnny Depp and Amber Heard is also causing many negative effects on their careers and reputation. Earlier, Amber had accused Johnny of violent behavior. However, after the investigation, the bruises on her body were made by herself to slander her ex-husband, and even a lot of evidence points to her being the abuser in the marriage. this quick person. That made many fans unacceptable and immediately set up an online complaint to ask Warner Bros. 'kick' the actress out of Aquaman 2 and replace Emilia Clarke.
