

Review Asus ExpertBook P3540 - The world's lightest 15-inch business laptop

ASUS ExpertBook P3540 is a laptop designed to meet enterprise standards. Let's TipsMake.com evaluate ASUS ExpertBook P3540 in more detail through the following article.

A few months ago, ASUS rebranded the ASUSPro line to Expert Series and its laptop product was named ExpertBook. Like ASUSPro, the Expert Series is an enterprise product line, designed to meet business standards.

One of the new, prominent laptops from the Expert Series is the ExpertBook P3540. This 15.6-inch laptop offers 16 hours of battery life and lots of other outstanding features. Let's TipsMake.com evaluate ASUS ExpertBook P3540 in more detail through the following article!

Design by ASUS ExpertBook P3540

ASUS ExpertBook P3540 has a classic gray color, showing elegance and professionalism. It measures 357 x 236 x 19.4mm and weighs 1.7 kg.

ASUS ExpertBook P3540

Despite its compact size, ASUS still equips the ExpertBook P3540 with a host of important ports. The right side has a Kensington lock slot, USB 3.1 Gen 1 Type-A port, USB 3.1 Type-C Gen 1 port, SD card reader, and a 3.5mm headphone jack.

Right port

On the left are the charging port, VGA, HDMI, USB 3.1 Gen 1 Type-A port, LAN and USB 3.1 Gen 1 Type-C port. This very complete set of connectivity options can be used to easily transfer data and connect laptops to other devices such as monitors or projectors.

Left gate

Certified to US-STD810G military standards of the United States, the ExpertBook P3540 is very rugged, able to withstand bumps, shocks and other accidental incidents.

The keyboard is designed in a chiclet style (the travel of the key is 1.5mm), combined with the numeric keypad for quick data entry, but without any backlit keyboard. Besides, the greater distance between the keys also helps to provide a comfortable typing experience.

The keyboard is designed in a chiclet style

In addition, ASUS ExpertBook P3540 also has ErgoLift hinge, which brings many benefits when typing, reducing the heat of the machine when operating and the wider screen angle.

Screen

The ExpertBook P3540 is equipped with a very large 15.6-inch NanoEdge display, comfortable to use for everyday work.

The 60Hz panel of this laptop supports FHD (1920 × 1080 pixels) resolution, is equipped with anti-glare technology with 45% NTSC color gamut and has a thin side border.

One advantage of the ExpertBook P3540 is the hinge, which allows the screen to be tilted up to 180 degrees, allowing for easy screen sharing.

The hinge allows the screen to tilt up to 180 degrees

As a business-grade laptop, the ExpertBook P3540 has many very good security features, such as a Kensington lock slot and a foldable webcam.

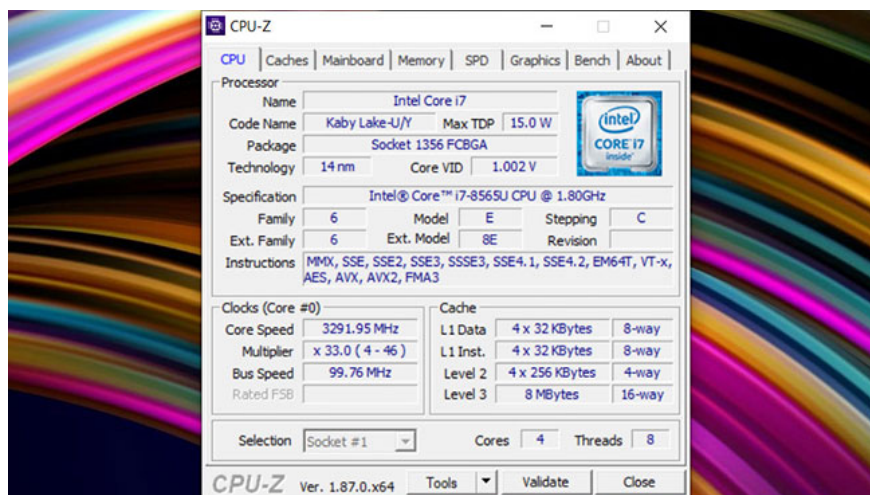

The webcam may close

The TPM 2.0 security chip securely stores authentication information such as passwords or encryption keys, which are used by software to protect important data and transactions.

The fingerprint sensor with Windows Hello technology, is located to the right of the touchpad. Therefore, every time you log in, you do not need to enter complex passwords, but just a touch of a finger is done.

Hardware

The ExpertBook P3540 has an 8th Generation Intel Core i7-8565U processor

ExpertBook P3540 is rated in the article with 8th Gen Intel Core i7-8565U processor. With discrete Nvidia GeForce MX110 graphics card, 2GB VRAM, 1TB 5400RPM SATA hard drive and 8GB RAM.

Each employee has different needs depending on the task and location, so this laptop also has other configuration options, like Intel Core i3-8145U and Intel Core i5-8265U. SSD storage options up to 512GB and RAM up to 24GB.

This laptop has a battery capacity of 70Wh, which is said to be able to use up to 16 hours on a single charge, giving you the freedom to work all day long without worrying about running out of battery midway.

Conclude

ASUS ExpertBook P3540 notebooks combine performance and portability for business users. 15.6 inch screen is very comfortable to use for work, the performance of the machine is enough to handle all tasks quickly and long battery life helps you work efficiently anytime, anywhere.

ExpertBook P3540 is priced at VND 19,350,000 with a warranty period of up to 2 years.

Advantages

1. The connectivity options are quite complete
2. The screen hinge can be tilted up to 180 degrees
3. Long battery life

Defect

1. Large size (although 15.6-inch laptops are still considered compact)
2. The keyboard has no backlit
