

Review Express Perfect World VNG - The pinnacle of the hottest 3D first half game 2020

Not to let fans wait for a long time, Perfect World VNG quickly opened the official version right after the successful success of the recent Alpha Test.

Following many well-known seniors such as Thien Long Bat Bo, Vo Lam Truyen Ky, Kiem The, . Hoan My World is the game that was born with the name **Perfect World VNG** . Just 4 words 'Perfect World' is enough to attract millions of players, especially crazy fans of this game. Because more than a dozen years ago, this is a hugely popular 3D PC game, loved passionately from the plot to the shaping and interface. However, the game soon ended and left forever unfulfilled dreams of a series of beautiful men and women.

If you do not know, Perfect World VNG is considered a hot phenomenon of Vietnamese gaming industry during the past few days. With the action of 'reviving' a cult legend like this, the big VNG once again did not make the community disappointed. Whether they are crazy fans of Perfect World or even new players, they have a certain expectation for this vast sky.

During the Alpha Test period from April 28 to May 3, the Perfect World VNG community was extremely vibrant. Everywhere you see the image 'check in' the game 1 juicy. However, that makes a lot of fans of this game feel uncomfortable because this is a limited test and they cannot experience it. That is why VNG quickly opened the official version on May 7 to satisfy players' expectations.

Pinnacle of 3D game graphics

Right from the PC version, Hoan My World has been famous as a beautiful first half game captivating hearts, people regret that continent because of that outstanding advantage. And when it was revived as Perfect World VNG, that land once again captured the love of the gaming community. I must say every detail is great, it is also beautiful and impressive many times compared to the images in the promotional clip.

Fans of Perfect World 'dissected' Perfect World VNG

Perfect World VNG's community group quickly increased the number of members in just one note, most of which were crazy fans of Hoan My World coming to the capital.

With a total land area of up to 60,000 km², seamless maps and four-season alternating weather change, Perfect World VNG offers a very poetic, charming space, this sky is too suitable for boys. beautiful girls can travel freely and find a 'virtual living' place to relax. In this continent, players can not only operate on land, in the air

but also in the sea. This is a unique thing that many games absolutely do not have, and this is also the terrible point that Perfect World VNG surpasses a series of cult rivals, worthy of the king of 3D game graphics.

Just entering the game, everyone must be overwhelmed by the interface to create a character, even some people 'eat and sleep' here for nearly an hour. Why? Because it's like a miniature salon and you can edit it as you like. From face, eyes, lips, eyebrows, nose bridge, makeup, hair color, skin, . A series of things like this is still not satisfied until morning! Thousands of different looks and styles appear before your eyes: from charming, cute, lovely to scholar, temperament and heroic

Speaking of which, if many other games just allow people to adjust how to make the character more beautiful, in Perfect World VNG, you can make yourself worse. And this is the 'trend' of this game is hot for days, the worse, the more strange the more gamers make interesting. Walking around the community group, you will easily come across countless pictures of ugly faces of players, and they are still looking for a character that is 'ugly and beautiful' to see who has the worst talent . What a rare and rare story that is unique to Perfect World VNG.

In parallel, Perfect World VNG is also one of the first half titles in the top of the diversity of fashion systems. Here, you can mix items with more than 250 fashion items, creating thousands of unique styles, creativity and personality, so it is difficult for the character to be duplicated in this world.

Gameplay bold nature first half

Keeping the storyline from the PC version, Perfect World VNG talks about the Hoan My Continent which is home to 3 races of Human - Dance - Love with 6 denominations including: Elves, Lovers, Vu Mang, Vu Linh, Shamans and Vo Hiep.

Once you have joined one of these 6 systems, players can freely fly around the three realms of Hai - Luc - No and unleash to discover the 'perfection' of the mythical and fanciful world of wonderfully vast , 1 thing that rare **mobile games** can integrate.

Gameplay features a first half with a series of familiar features such as extra, hunting bosses, guilds, character building, equipment / skills systems, . Besides, gameplay has depth according to the story and balancing the features together so that the player does not get tangled. What I love for many gamers is that the auto of the game is not too deep, so players still have to take part in the battle, instead of leaving everything on auto, it is fun.

In particular, it can be said that contempt is the soul of the first half games and contempt in Perfect World VNG has satisfied many fastidious players. It allows players to 'fly' freely on objects such as swords, wings, . looks extremely beautiful and charismatic.

It can be said that Perfect World VNG is currently a game with many elements, both reminiscent of memories, both beautiful and sparkling, pk dramatic, . It will be a pity if you do not try 1 download and experience.
