Revealing the reason for Sonic's horribly bad initial appearance

After the movie Sonic The Hedgehog was released, director Jeff Fowler boldly revealed the cause of the original ugly Sonic model chosen.

Opening by conquering the competition content at the famous stadiums in Japan. Each stage will require the player to conquer a corresponding sport. All sports have a common requirement: the sooner you reach your goal, the higher you will rank. With each highest ranking you will receive a gold medal, and In the end, the person with the most gold medals will be the winner.

To become a pro gamer, you need to know the requirements for each sport. Just like in real life, running sports honors the fastest players and overcome the fastest obstacles to win, Sonic at the Olympic Games: Tokyo 2020 hurdles It requires two factors: speed and time.

With some subjects such as Shooting, Archery or Throwing Ta . there are more requirements in terms of accuracy and meticulousness. You need to align the position of the target, predict the direction of the target to be able to shoot / hit. Of course, time is always high, but don't be tempted to win the gold medal because of the sports that require this precision, the rush is also a big step for you.

Be careful one wrong shot is going a mile

Fighting sports like Fencing or Karate require flexibility. You must master the skills skillfully to be able to dodge and strike the finishing blow. Maybe in real life you have never won a strong guy but with Sonic at the Olympic Games: Tokyo 2020, you can experience the feeling of being the strongest when taking down your opponent in a karate half.

In addition to the official Olympic games, you can also try mini-games such as decoding, picking up dolls, etc. Mini games often appear in the middle of the stages. Eggman will present challenges to prevent the player from advancing to the next gym, your task is to overcome the challenge to be able to go to the next stage.

It's also a good idea to pick up the stuffed animals to take the bears to pick up

The game has an extremely interesting ranking system, with each game, you can win the Gold, Silver, Bronze, . medals yourself depending on your ability. There is also a worldwide ranking, if you want your country to be named on the podium, then try to overcome yourself and overcome the challenges as quickly as possible. Another attraction in the game is that you can invite your friends to compete with you and can see your ability compared to your friends through the friends rankings.

For each round, players can collect medals and badges. Medals are earned when you win a competition, and a medal is awarded when you achieve a certain achievement. A good player can have many gold medals but if you want to have many badges then you need to be an excellent player.

Sonic's great mission at the 2020 Olympic Games: Tokyo is to stop Dr. Eggman and his henchmen. That's why you will face the boss at the end of each stage. However, according to the feeling of the Nerd, the bosses of Sonic at the Olympic Games: Tokyo 2020 can easily receive defeat, do not create high challenges. Just use the acceleration skills, increase the appropriate power and add a bit of dexterity, you can easily win.

General assessment

Overall Sonic at the Olympic Games: Tokyo 2020 is a really good game to play, although the gameplay is simple, the duration of the game is short. The spirit of sports in general and the Olympics in particular is still based on the martial spirit that has been shown well in the game.

Playing sports is also a way to learn and train yourself, so Sonic at the Olympic Games: Tokyo 2020 is not only an ordinary entertainment game but also a lesson about hard work, perseverance of Little hero Sonic. If you are a
