

Rip music from YouTube videos, download MP3s, download music from YouTube without using software

Download music from YouTube, split music from YouTube with one of the tools we introduce below, and you'll find that splitting MP3 music from YouTube videos has never been so simple.

YouTube is considered to be the leading video search channel in the world. You can search for any video, or program, and then download videos on YouTube to your computer very simply. Or convert YouTube videos to MP3 audio format.

Currently there are many software to help users convert YouTube videos to MP3. These tools help rip music from YouTube videos completely free, allowing you to get your favorite music to listen to anywhere. In this article, Network Administrator will introduce you to YouTube video conversion tools to online MP3.

Note: Music downloaded should only be heard in the music player or when there is no network, do not share on online music sites because it is likely to be sued for copyright.

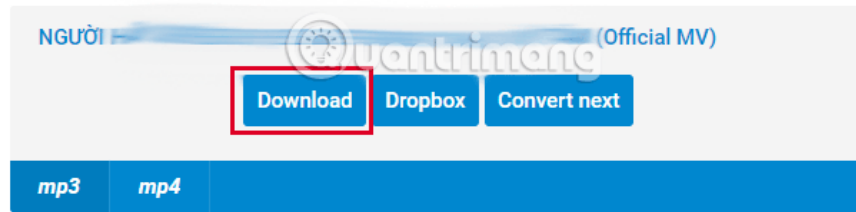

1. Split YouTube music with ytmp3.cc

Get the YouTube video link to rip the song.

Visit the website <https://ytmp3.cc/> , paste the video link and click **Convert** :

A screenshot of the YTMP3 website interface. It shows a light blue header with the text 'Please insert a valid video URL' and a watermark 'Quantinang'. Below the header is a text input field containing the URL 'https://www.youtube.com/watch?v=f-BzUepNeZw|'. To the right of the input field is a blue button with the text 'Convert' in white. The button is highlighted with a red rectangular border.

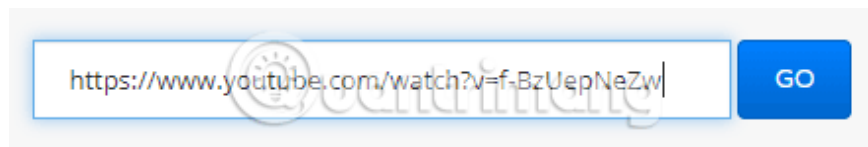

Wait a moment for the website to convert the video into a .mp3 file, click **Download** to download the file to your computer. You can choose Dropbox to save to the cloud or Covert next to convert other videos.

2. Download YouTube video music with Listentoyoutube

Get the YouTube video link that wants to rip music.

Visit listentoyoutube.online website, paste the link in the white frame, click Go.

Waiting for a moment will see 2 options for downloading MP3, you can choose and click on any one, here I click green:

The video checking text appears, wait a bit to select the folder to store the music file and download the file to your computer.

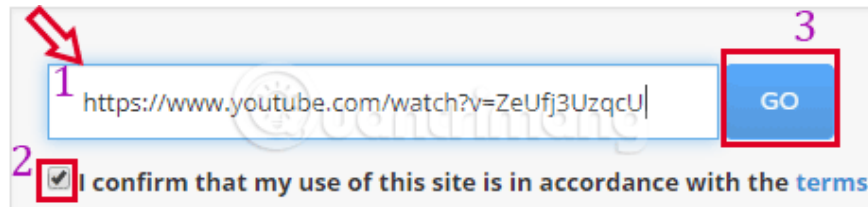

3. Download YouTube music with VidtoMP3 online

VidToMP3 supports video conversion via video link URL on YouTube, MySpace, Vimeo, Google video, . The conversion process also takes place quickly, without too many operations.

Step 1: Access vidtomp3.com.

Then, copy the video URL and paste it into the white box, tick the small box to agree to the terms of use, click Go .

Step 2: Get the link to download MP3 to your computer

You wait for the service to proceed and switch to another link.
