

Samsung launched the Chromebook 2 duo

Samsung has officially launched the Chromebook 2 laptop duo with a faux leather design like on the Galaxy Note 3, with a pretty good configuration and reasonable price.

Samsung has officially launched the Chromebook 2 laptop duo with a faux leather design like on the Galaxy Note 3, with a pretty good configuration and reasonable price.

Accordingly, both models of 11.6-inch and 13.3-inch versions of Chromebook 2 run on the Google OS platform, targeting students who are students and students with low cost but high efficiency in learning. .

The first version has an 11.6-inch LED screen with a resolution of 1366 x 768 pixels, Exynos 5 Octa processor chip with clock speed of 1.9 GHz, 4 GB RAM, 16 GB SSD memory. In particular, the time to use the machine up to 8 hours continuously, this model weighs 1.1 kg and size 289 x 205 x 16.7 mm.

Meanwhile, the larger version has a 13.3-inch, 1920 x 1080 pixel widescreen display, the Exynos 5 Octa processor chip at 2.1 GHz and a battery life of 8.5 hours. The size of the machine is 323 x 223 x 16.51 mm and weighs about 1.4 kg.

Both versions are equipped with 720p webcam, microSD card slot, headphone and microphone jacks. There are also HDMI, USB 3.0 and USB 2.0 ports. More specifically when Samsung said, the Chromebook 2 can be restarted quickly after standby mode, which takes less than 1 second and boots up normally under 10 seconds.

Expected, this pair of products will be sold in April here with attractive prices. Accordingly, the 11.6-inch model costs about 6.8 million dong and 8.5 million dong for the 13.3-inch version. In particular, the 11.6-inch model will be black and white and the 13.3-inch version will be only gray.
