

Samsung's GoodLock app gets a fresh new look

The GoodLock app on Samsung smartphones opens up a world of customization features.

The GoodLock app on Samsung smartphones opens up a world of customization features. Ever since the One UI 7 beta was announced with its design and feature upgrades, fans have been eagerly waiting for GoodLock to come out. And the new version of GoodLock has been really appreciated by users.

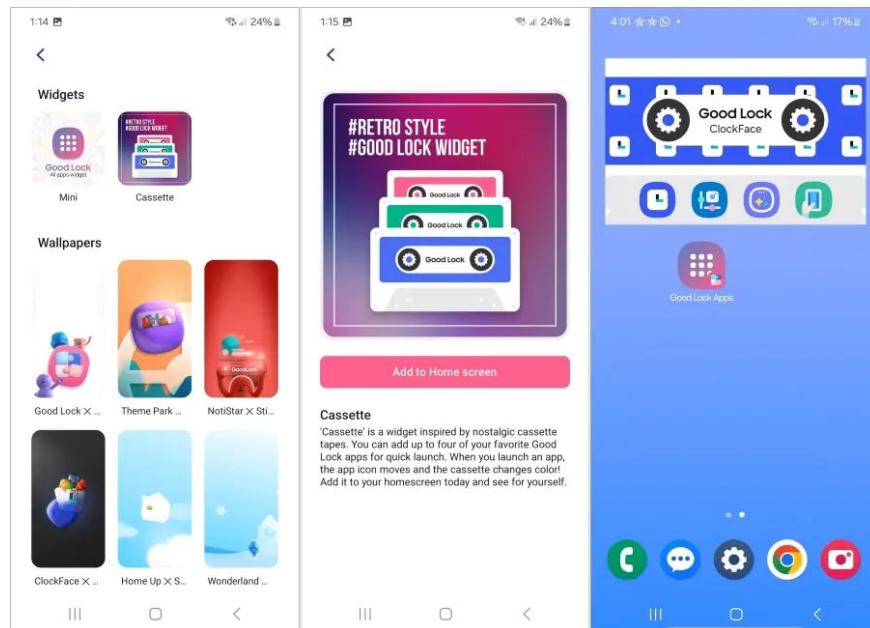

Samsung has released version 3.0.10.1 of the GoodLock app for Galaxy devices with a completely new interface. The app removes the top banner that takes up most of the space and introduces three new navigation options at the bottom, including Terrace, Plugins, and You tabs.

Terrace displays GoodLock app and module updates. Plugins include Make Up and Life Up options. Here you will find all plugins from 2 categories very quickly.

The You tab will show all the customization features you're using. You can also pin your favorite apps to Favorites in the You tab.

Not only that, you can see the small gift box icon in the top right corner to find 2 new widgets and eight new wallpapers for Galaxy phones.

The GoodLock app update is gradually rolling out to everyone on Samsung Galaxy smartphones.
