## Secrets that can be discovered in Toca Life World

### Sloth costume

One of the secrets players can find in Toca Life World is a cool looking sloth costume. To find this skin, head over to Bop City's storage center.

Once there, go left until you reach the area with the No Sloth poster. Click on the poster to reveal the sloth costume, which is hidden in the storage for the secret behind the poster.

## **Nari .'s pet Croquet**

Another secret that players can find in Bop City's storage is a pet of Nari named Croquet. It is a very lovely creature that looks like a cloud. Upon entering the storage center, the player will immediately see a trail of food crumbs leading to the storage door.

Follow the debris to a door and open it. When the door is open, simply take some items out to reveal the area where the food bowl will be located. It's an area that has food stains around it and is easy to find. After putting down the food bowl, Croquet will appear immediately.

## **Unlock secret Crumpets**

Crumpet is a collection of cute little creatures from the games of Toca Boca. Many crumpets are easy to spot, but others require items to appear.

One of the easier to find crumpets is located in the storage center, below the manhole cover. Lifting it up will reveal a very cute crumpet.

However, there are crumpets that are quite hard to find in Toca Life World. To unlock these crumpets, players will need the characters Zeke, Nari, Rita and Leon. 5. **Octobox Crumpet** : Rita holds an octopus ornament in her right hand and a soccer ball in her left hand.
6. **Paulina Crumpet**: Rita will need a camera in her right hand and binoculars in her left.
