1. Learn about the Palm-only app on iOS

1. Download Fortune-telling app for iOS .

Fortune-telling is an application that helps users to be aware of their personalities, their destiny, their future career as well as those around them. From there, help people have the right orientation and somehow avoid the misfortune in life, love or work.

This is an interesting entertainment software for those who want to know their destiny and future on the lines of their hands.

Not entirely in favor of divination or superstition, this app only inherits the results from astrology and astrologers left thousands of years ago. You may not know, but astrology is highly appreciated for accuracy in many countries and continents, most of which are based on the premise of a relationship, astronomical phenomena or Highlights events take place in the world. Through image-only scanning with knowledge and experience, the application will convey information and draw conclusions for users.

2. Quick guide to using the Palm-only app on iOS

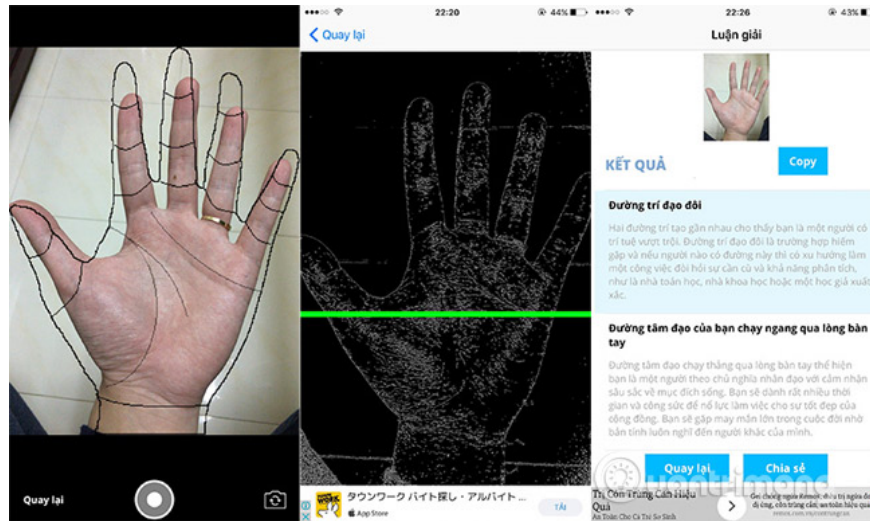

Step 1: After downloading and installing the application successfully on the device, you open the Fortune-pointing application and select the gender as suggested. (Male Left hand, Right hand Female).

Step 2: You use the built-in camera tool to take a photo of your hand or you can use the previous photo. However, in order to get the most accurate results, you need to pay attention to taking pictures so that the right hand matches the pattern on the screen.

Step 3: Wait for a few seconds for the application to perform a manual scan and give a comment corresponding to your hand.

Note: The results obtained are for reference only, may be true or false, meaning that they are only at a relative level but not 100% accurate. Therefore, you should only use this application for entertainment, not too abuse on watching this destiny that affects your psychology, your life.
