However, this also makes you annoyed when your Facebook is tagged with "bluff". To avoid that, you can set tag management mode on Facebook. We can control the tag as well as preview the tags tagged on our Facebook, before allowing to appear on the wall. Follow the steps provided by the Network Administrator to set up the Facebook tag management mode.

Step 1:

At the personal Facebook account interface, click **the lock icon** and select **View other settings** .

Step 2:

Immediately appear **Privacy settings and tools interface** . In the left menu, we select **Timeline and tagging** .

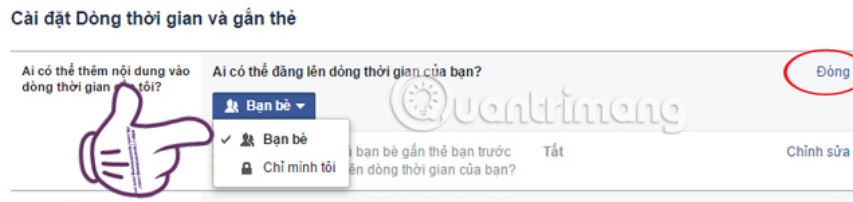

Step 3:

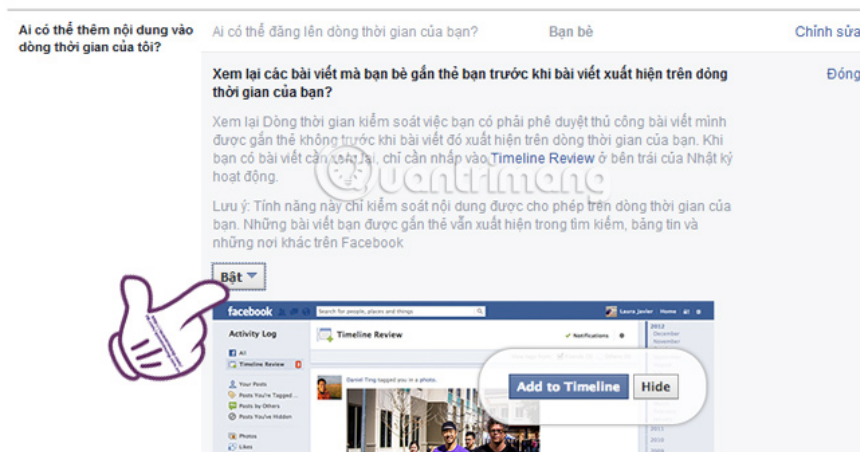

At the **Timeline Settings tab and tagging interface** , we can customize the settings to manage tags on Facebook including:

1. Who can add content to my timeline?

Who can post to your timeline : click on **Edit** to be able to select the posting mode on your wall for each object, including Friends, Only me, then press G to complete.

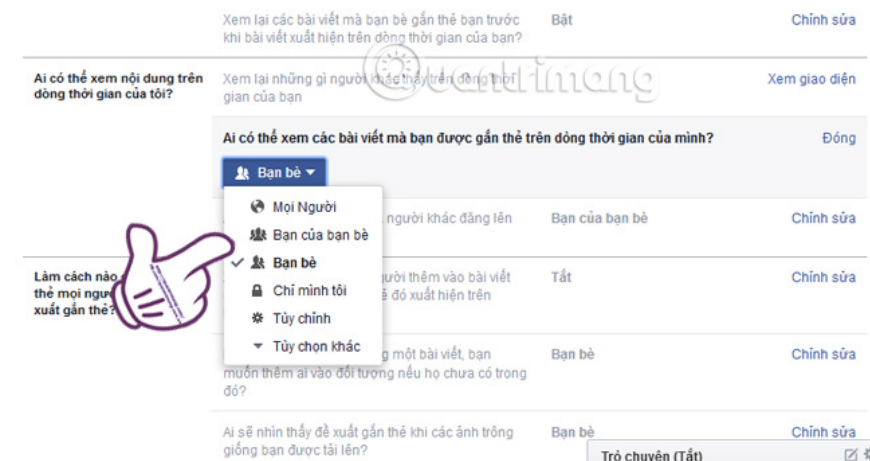

Review the posts your friends tagged before the article appeared on your timeline? If enabled, all posts or images you have tagged must be through your permission to be posted on the wall.

2. Who can see the content on my timeline?

Who can see the posts you tagged on your timeline? Here, quite a lot of people to choose from: Everyone, Friends of Friends, Friends, Only me. If you want to set the content to view with multiple objects, click on **Options** . **Other** options to choose your Facebook audience groups.

Who can see what other people post on your timeline? Also with 4 subjects People, Friends of Friends, Friends, Only me and 2 other custom settings for Facebook users.

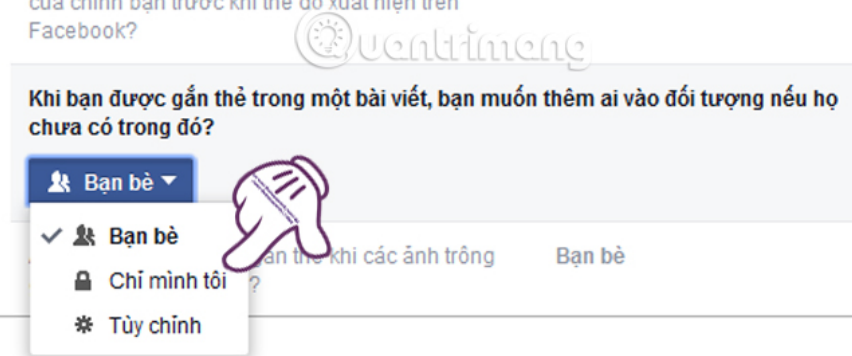

3. How to manage people tags and add tags?

Review the tags that people added to your own posts before that card appeared on Facebook? Select On mode to review the tags that friends add to your content before they appear on Facebook.

When you are tagged in an article, who do you want to add to the audience if they are not already there? Choose Friend, Only me or Customize.

- c Xem lại các thẻ mà mọi người thêm vào bài viết của chính bạn trước khi thẻ đó xuất hiện trên Facebook? Tắt

Who will see suggestions for tagging when photos look like you are uploaded? When the same image you uploaded will suggest adding your card. You can choose No one to be automatically tagged.

The above is a tutorial on how to set up customizations with a tag on Facebook. We can track posts, statuses, or images of friends or someone tagging you. In particular, the tags only with your consent are allowed to appear on the wall.
