Sony Vaio Duo 11 is Sony's strategic product with Windows 8.

Sony today officially joined the Windows 8 trend in the domestic market with three new products of the Vaio series and are equipped with touch screens. Most impressive is the Vaio Duo 11 model with the Surf Slider sliding keyboard that quickly switches from a regular ultrabook to a tablet depending on the need. Not only that, this model also has a thickness of only 17.75 mm, weighing about 1.3 kg.

The product is equipped with an 11.6-inch touch screen (10-finger identification) with a Full HD resolution of 1,920 x 1,080 pixels. Support for the device, Sony also included a stylus with a built-in exclusive Active Clip software that allows users to crop selected images on the screen and save them right in the notes.

Vaio Duo 11 version sold in Vietnam market equipped with Intel Core i5-3317U processor speed of 1.7 GHz, 4 GB RAM, 128 GB SSD hard drive, graphics chip Intel HD Graphics. The device is quite fully port connected to VGA, USB 3.0, HDMI; LAN and SD card reader, MS Duo. Sony says its battery is about 4.5 hours.

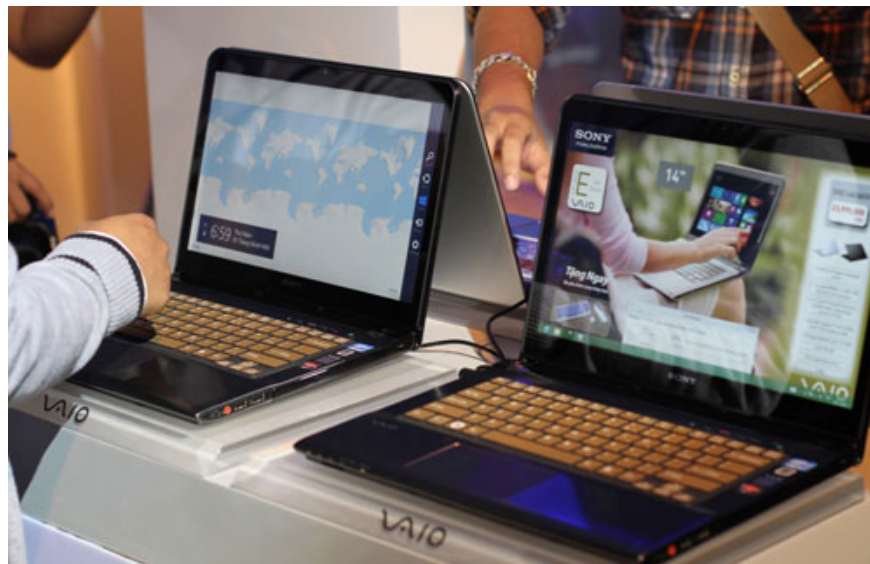

The machine with genuine selling price is reported to be VND 29.99 million.

The Vaio T13 upgrades the touch screen and keeps it as light and slim as before.

Vaio T13 equipped with 13.3-inch screen with resolution of 1366 x 768 pixels, Intel Core i5-3317U processor speed of 1.7 GHz, 4 GB RAM, 128 GB hard drive, Intel HD graphics chip Graphics 4000. It weighs 1.66 kg, 19 mm thin, silver alloy case and battery for about 5.5 hours.

The product is sold at a reference price of 23.99 million VND.

Vaio E youthful styling also supports touch.

Meanwhile Vaio E14P Series sold in Vietnam has 14 inch screen resolution of 1,600 x 900 pixels, Intel Core i5-3210M speed of 2.5 GHz, 4 GB RAM; 750 GB HDD, AMD Radeon HD 7670M graphics card with 2 GB

VRAM capacity. The product weighs 2.4 kg, is 3.2 cm thin and the battery is about 6 hours.

The reference price of the Vaio E14P configured as above is 23.99 million dong.
