

Sony Vaio E 2011 was present in Vietnam

The new Sony Vaio E possesses a distinctive embossed crust and upgraded configuration with Intel Core i Sandy Bridge processor.

The new Sony Vaio E possesses a distinctive embossed crust and upgraded configuration with Intel Core i Sandy Bridge processor.

Beginning to sell in the US market last month, the Vaio E 2011 series has started to be available in Vietnam as a portable. The biggest change in this model is to upgrade the Intel Core i Sandy Bridge processor option, change the machine surface and add colors to choose from.

HanoiLab store (Pho Vong, Hanoi) and SaigonLab (Pham Viet Chanh, Binh Thanh, Ho Chi Minh City) are selling the first models with a reference price of VND 18.5 million for the configuration of a speedy Core i3-2310M chip 2.1 GHz, 4GB RAM, 500 GB hard drive.

Configurations using Intel Core i5-2410M processor with 2.3 GHz speed, RAM, 500 GB hard drive cost VND 19.95 million, model with the same configuration but higher hard drive capacity is 640 GB cost 20.5 million.

Here are some pictures of Sony Vaio E 14-inch version (Vaio EG) in Vietnam:

The surface of Vaio E 2011 has a embossed layer with many triangular shapes, a prominent VAIO logo in the middle.

Machine with overall design is not much different from Vaio E 2010 series.

14 inch screen version resolution of 1,366 x 768 pixels. Machine weighing 2.3 kg has included battery.

Chiclet keyboard familiar .

. with large navigation keys.

The above shortcuts like ASSIST, WEB, VAIO and power key.

Speaker system of the machine. The Windows 7 and Intel logo are pasted and have changed positions compared to most other laptops.

Touchpad with floating dots creates a smoothness when in use.

Right side with optical drive and 3 USB ports.

Left side with LAN port, VGA, HDMI, heat sink slot. The device has no USB 3.0 port

Front edge with MS and SD memory card reader, Wi-Fi on / off switch.

Back and 6 cell battery included.

Heat sink slot.

Genuine Vaio E 2011 is expected to be available in Vietnam next month.
