

# Stop 'illusion' as a dragon, be a tiger ... work hard like ants and live freely like butterflies

People also have to learn a lot from small things before making themselves known as lord of all species.

People also have to learn a lot from small things before making themselves known as lord of all species.

" *Working as ants and living like butterflies*" helps you blend the conflicts between life and work perfectly. "Working as ants and living as butterflies " is not only a necessity for personal development of each person, but it is also a criterion for the spirit of living and working in modern times today. .

## So what is working like ants?

Ants are herds, they can survive every corner all over the world, even in areas with the most extreme weather conditions, their secret is **an organized herd life** . They have strict division of labor and discipline, work together and build a team together, meet the enemy to join forces to fight and meet natural disasters, then move together.

Ants are very adaptable, from the city, the jungle, the countryside to the reinforced concrete buildings, where they all see their presence. Their weak, small bodies cannot change their surroundings, but they can quickly adapt to the environment.

**Be like ants** : learn to adapt first and learn how to survive, and work like ants: positive, proactive, persistent, relentless, accumulating little by little and never give up.

## What about living like butterflies?

Some people say that " *living like butterflies* " is having a beautiful life, some say that it is freedom, of course both are true. We cannot change destiny, but we can change the way we live, put all the pressure down, in addition to working time, enjoy life.

We must learn to work more effectively, learn to enjoy every bit of life, including love, emotions and happiness. **Changing the way of thinking, being positive and optimistic** , you will have an ideal life like butterflies.

People with a desire for freedom, so we always want to get rid of the constraints of work. But if we want to survive, we must have this constraint. Everyone likes multicolored life, free freedom, enjoy all the fun, travel know it, so it is imperative that we have to handle public relations well work and life.

**Work like ants** : effort, perseverance, progress, not afraid of difficulties and always moving forward. **Live, live like butterflies** : fun and colorful.

" *Working like ants and living like butterflies* " is a positive attitude when working and optimistic in life, it helps us to be calm and confident in the face of all challenges in our lives. living.
