Guide to live streaming Truy Kích on Facebook.

*Step 1:* Access the homepage and log in to your Truy Kích account.

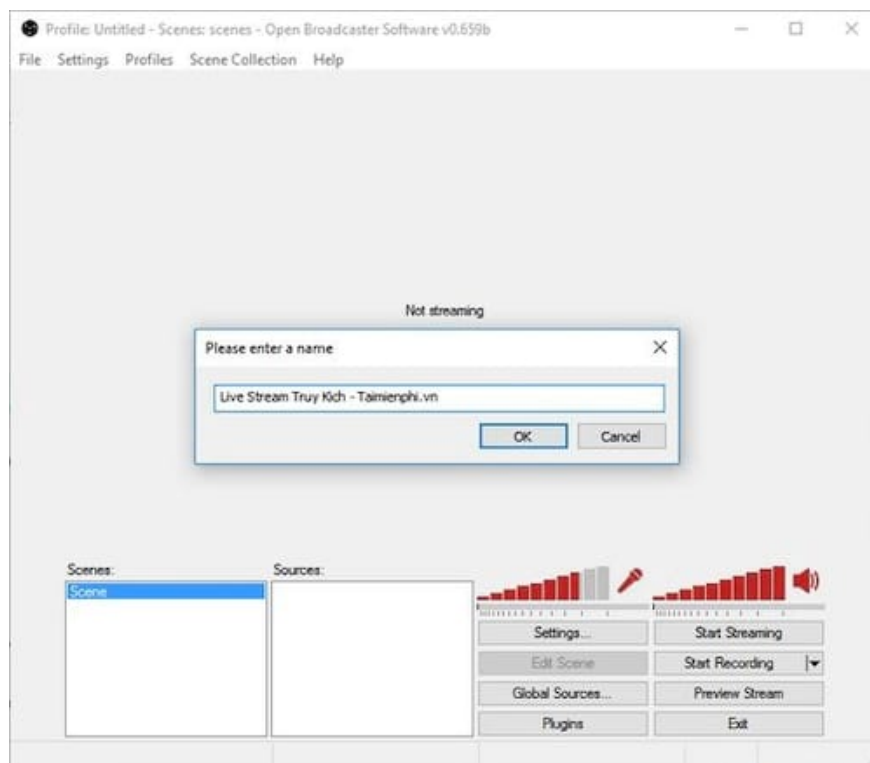

*Step 2:* Download and install Open Broadcast Software here: [Download Open Broadcast Software](#)

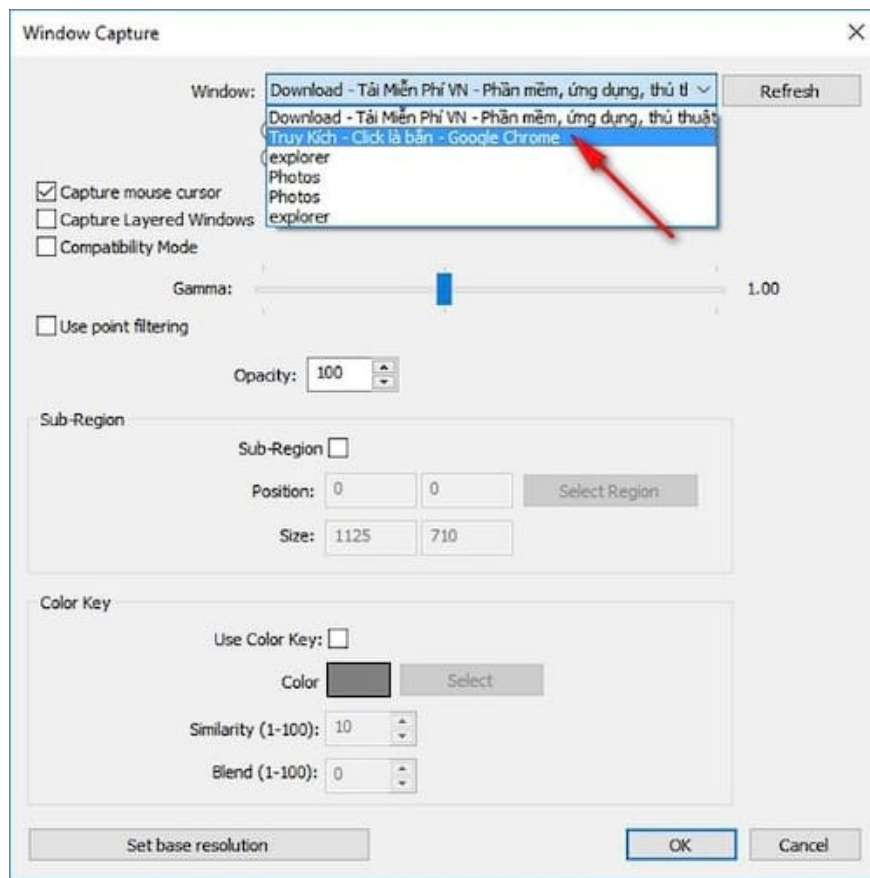

*Step 3:* To set up a live stream of Truy Kích on Facebook, in the OBS window, right-click on the **Sources** box and select **Add** -> **Window Capture** .

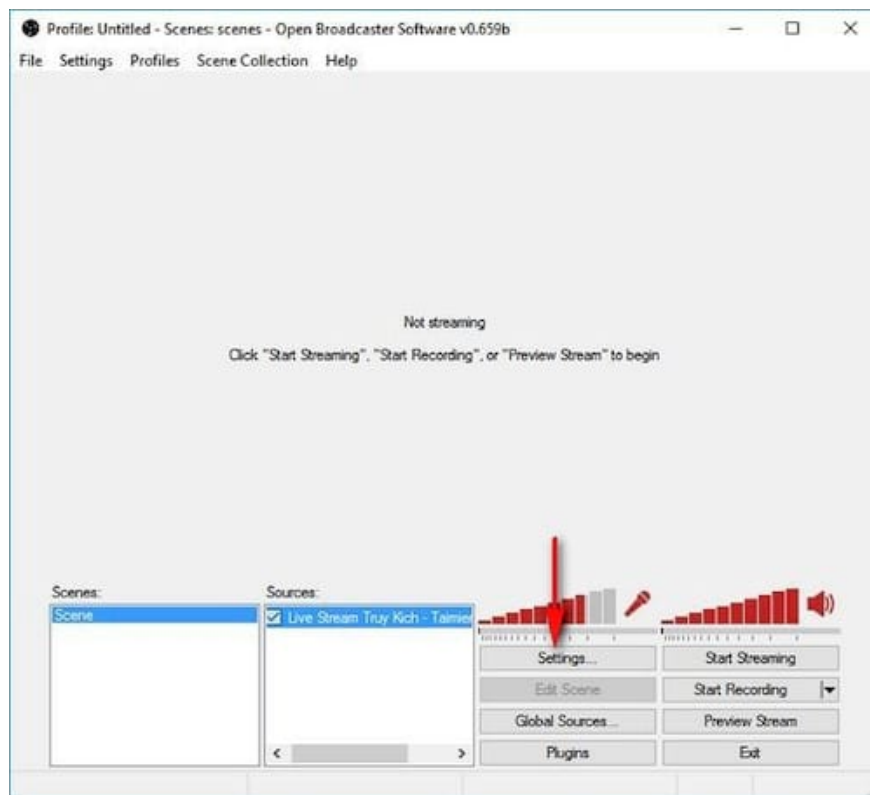

*Step 4:* You can enter a name of your choice for the source you just added.

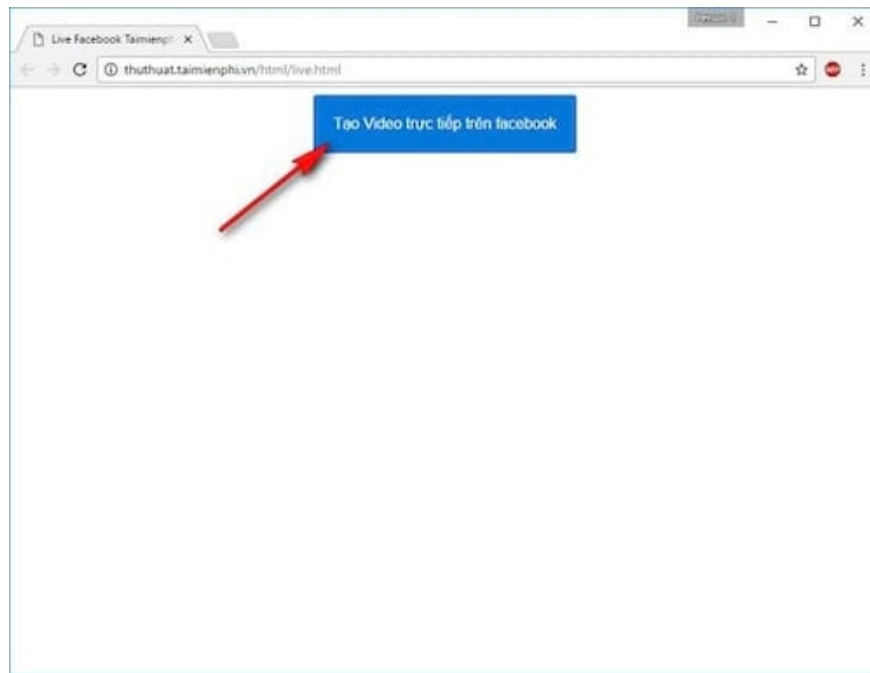

*Step 5:* In the Window Capture window, select **Truy Kịch - Click to shoot** with the browser you are using, then press **OK** .

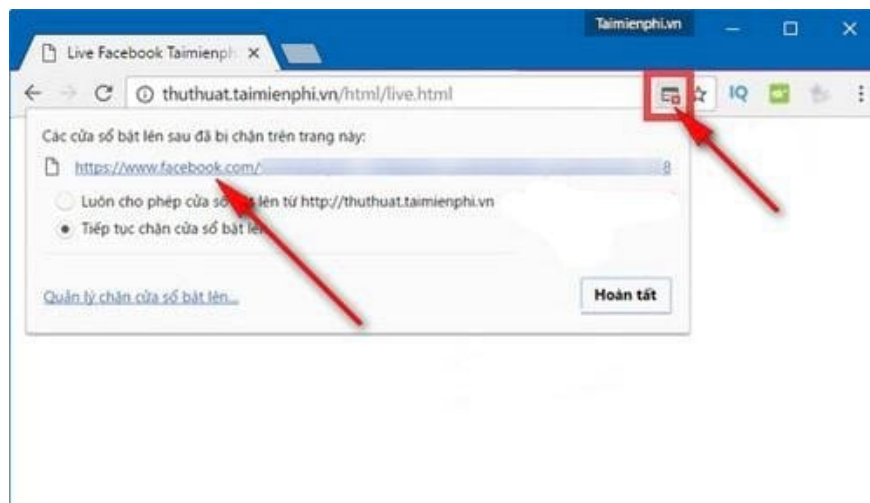

Step 6: After being returned to the main OBS interface, click **Settings** .

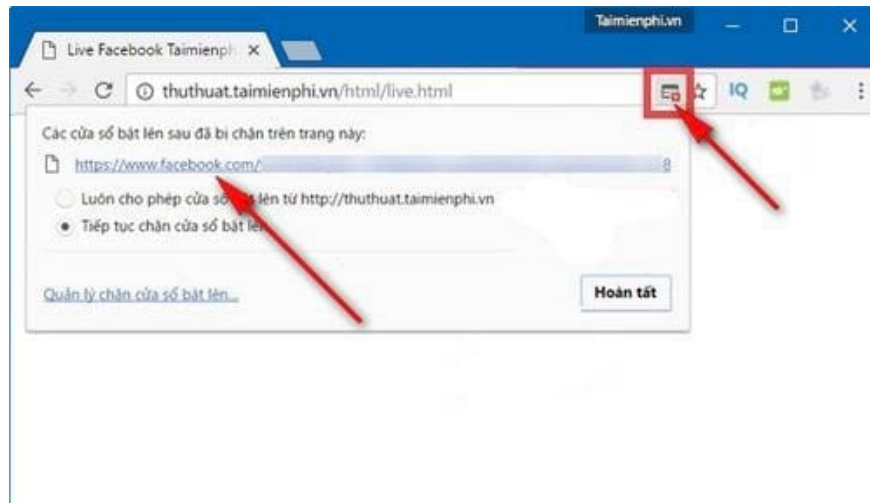

*Step 7:* Access **THIS** address to set up a Truy Kích live stream on Facebook. Click **Create Live Video on Facebook** .

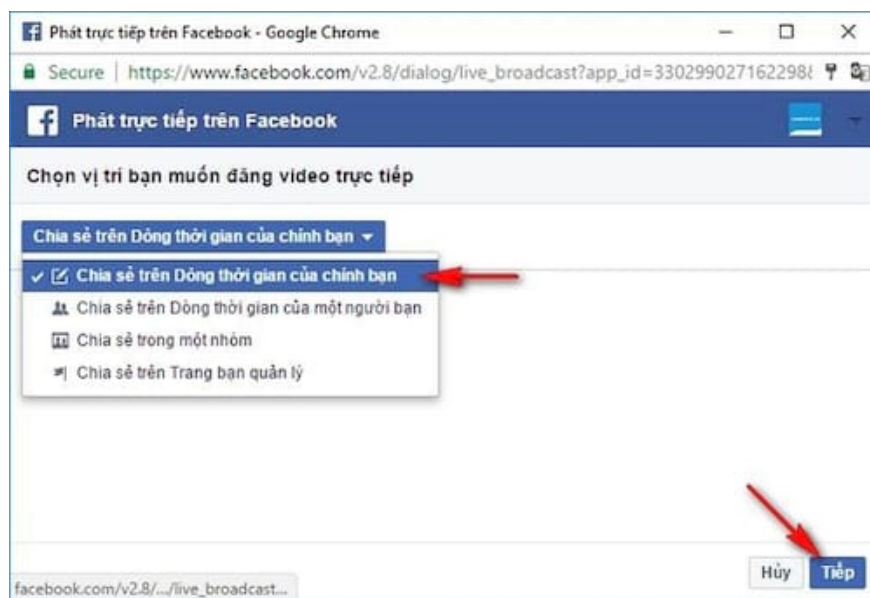

If, after clicking "Create Live Video" on Facebook, you don't see any pop-up window, click the icon next to the address bar and then click the link as shown below.

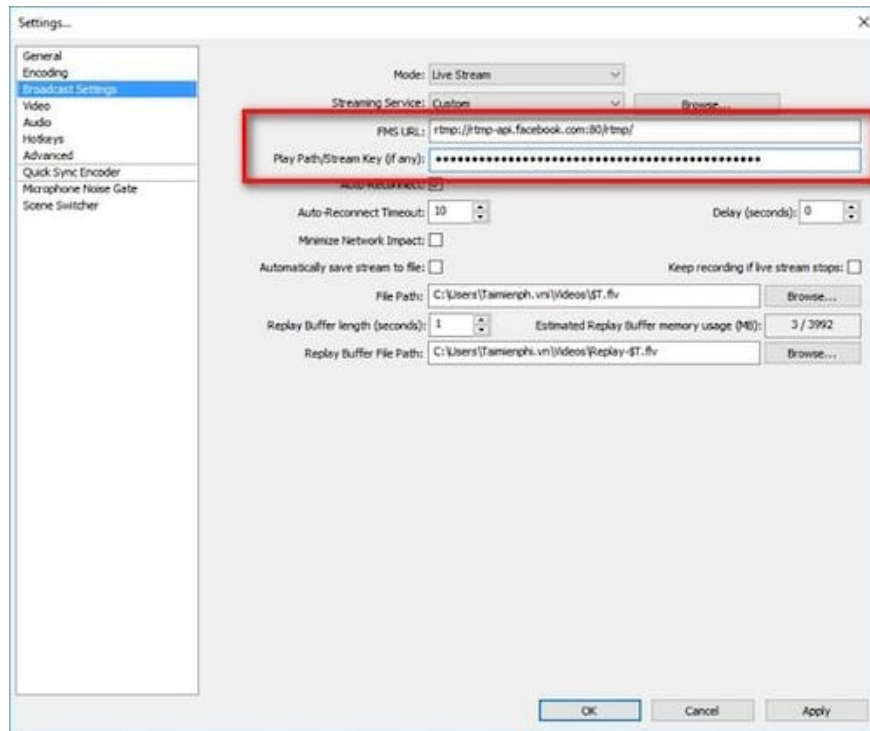

*Step 8:* In the pop-up window that appears, select **Share on your own Timeline**, then select **Next** .

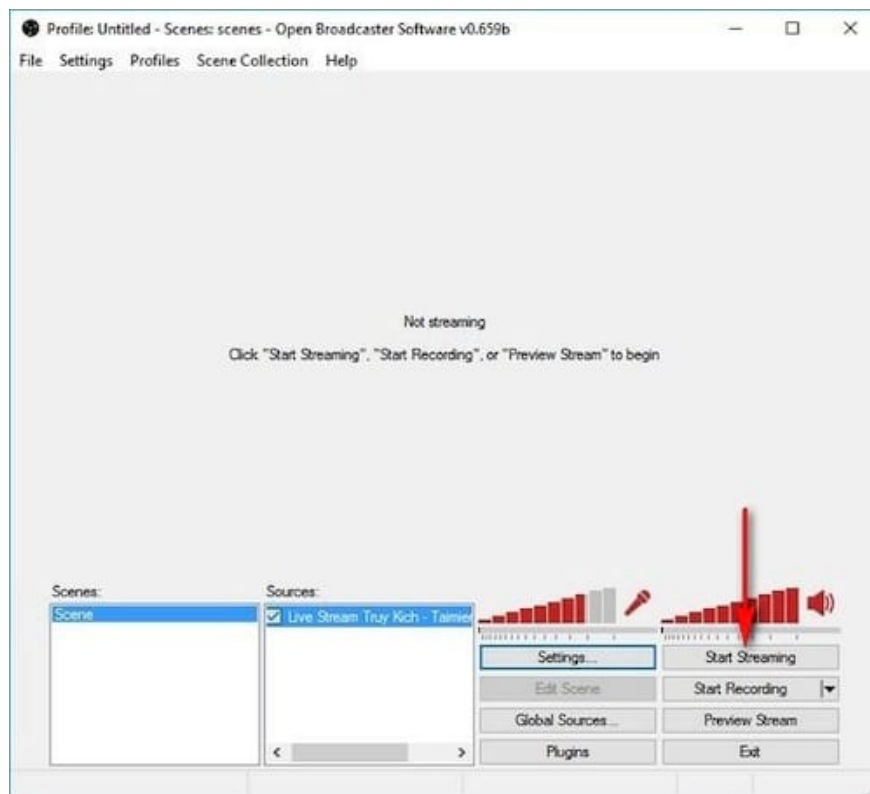

*Step 9:* Next, fill in the necessary information such as **Status** , **Title** , and **Video** Tags for your Truy Kích live stream on Facebook. Then, remember to enter the **Server URL** and **Stream Key** in this window.

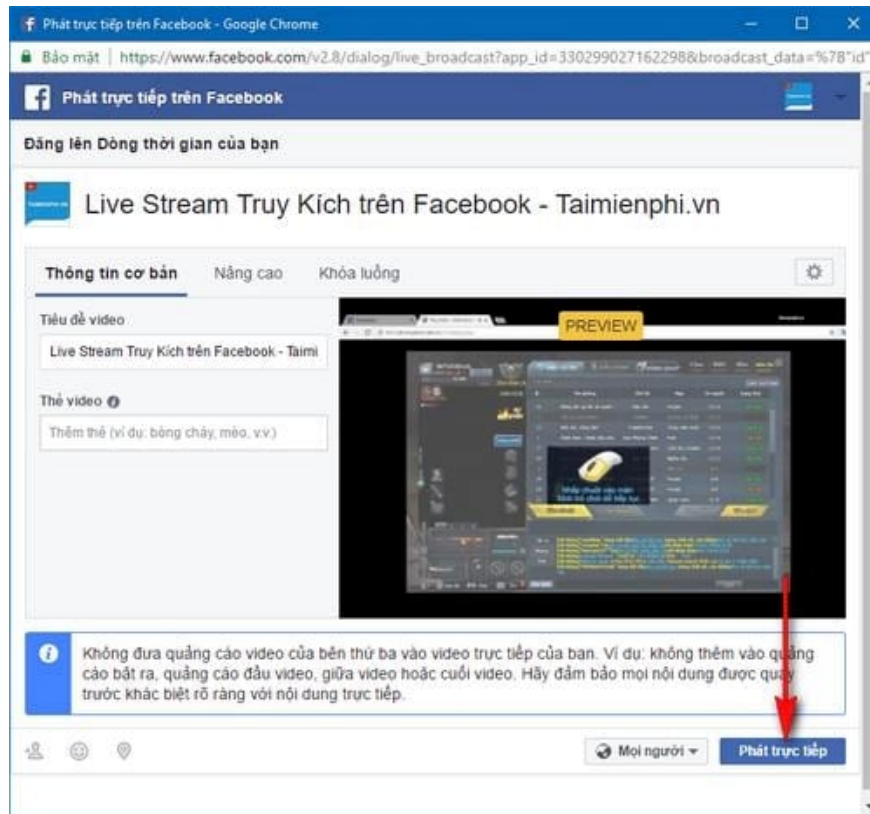

*Step 10:* Return to the OBS Settings window. In the left column, select Broadcast settings, then paste the server URL parameter into the **FMS URL** field and the stream key into the **Play path/Stream key (if any)** field , then click **OK** to save the changes.

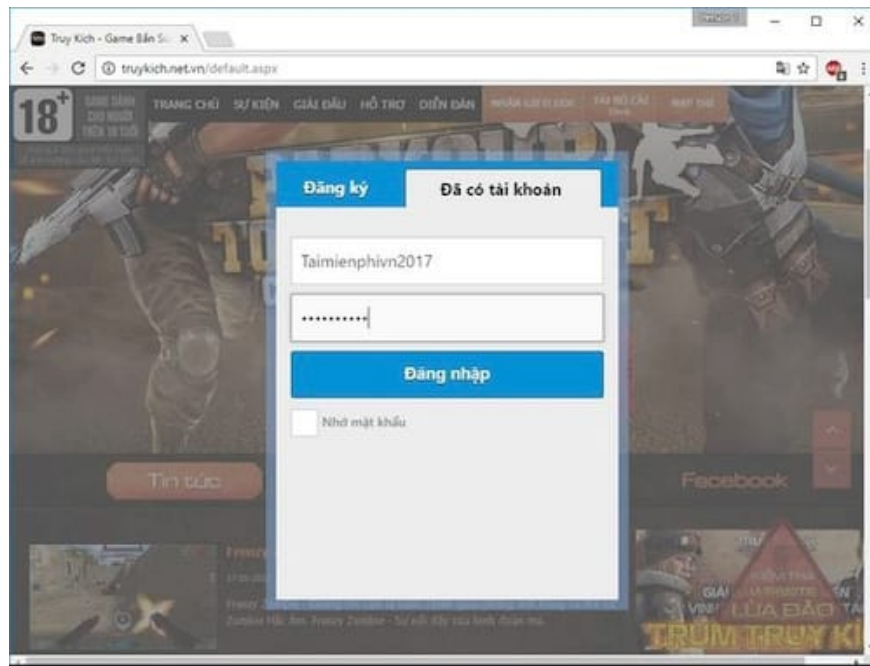

*Step 11:* After the setup is complete, click **Start Streaming** to begin sending your live stream data from OBS to Facebook.

*Step 12:* Return to the Facebook streaming window. After clicking Start Streaming from OBS, it will take a short time for Facebook to receive the data. Once a signal is detected, you can click **Go Live**.

After you finish your live stream, you and other Facebook users can see and interact with the content you were streaming.
