

# Street Fighter V will be free in August on Steam and PS4

Street Fighter V will be free from August 1 to August 11 on PC (Steam) and on the PlayStation 4

Street Fighter, a fighting game brand that is familiar to many gamers with horizontal screen views and familiar characters. With the current diversified game trend, the fighting game genre still has a certain place in the gaming community.

If you've ever played this type of fighting game, you definitely won't be able to know games like Mortal Kombat, Tekken, Dragon Ball, . and even Street Fighter.

The Street Fighter V version was released in 2016 and has received a lot of frustration from gamers. But after receiving feedback from players, the game quickly updated updates, patches to fix problems, adding new characters and slowly getting the positive reception of gamers.

And in the upcoming 8/2019, users will be playing Street Fighter for free on PC and PS4. Specifically, from August 1 to August 11, you can own this game on Steam and PS4.

Currently the trial version is available on Steam and the PS4, allowing players to experience the original lineup of the game and the characters in Part 3 of this series.

The warriors you can play will include Cammy, Birdie, Chun-Li, FANG, Dhalsim, Karin, Ken, Laura, M. Bison, Nash, Necalli, R. Mika, Rashid, Ryu, Vega, Zangief, Blanka, Cody, Falke, G, Sagat and Sakura.

If you already own Street Fighter V before, you can use all the named characters until the end of the trial. You will then have a chance to buy them.

Players will also have access to story modes and can earn money in the game. As with most demos and free trials, all the achievements you get in the game will be restored when you own Street Fighter V.

Street Fighter V will be officially free for users on the PlayStation 4 and on Steam between August 1 and August 11.
