Zombie makeup - the body will definitely make you attract the attention of everyone around. Especially a group of friends with "transforming" into "corpses" is really scary. The pale, lifeless face, the deep-eyed halo, the fake wound on the face, the ragged clothes you have become a scary zombie.

Pointy motifs drawn around the eyes and temples of the boy's face became much colder and more sharp. White dots drawn from the forehead pull down along the nasal bone. In particular, the lips are painted dark green on the lips as a highlight to make you look more outstanding.

Dressing up as demons has always been chosen by many men. Use foundation cream to cover the face, then use a brush to paint black blocks around the eyes, the cheeks combined with the mouth are decorated in a mouth-style, you have become a scary and very cool devil gentleman. for the Halloween night.

With only 2 tones in black and white, but with a little ingenuity and creativity, you can paint the skull-shaped mask that makes others shudder, terrified.

You want not to "touch" on Halloween night, clown-style dressing will be a great choice. The eyes and lips were drawn with hot tones like red, pink, and orange making them stand out on the face covered with white chalk. The team adds a wig and color tones to the eyes and lips that will help you impress everyone.

Using the eyeliner eyeliner to draw sharp details and lines in the eye, forehead area, mouth will help you turn into a mighty tiger. Add a wig to shoulder length will make the "lord of the green forest" more powerful than ever.

A masquerade style that helps you be more masculine but still full of mystery, a bat is a great idea. You only need to use a black eyeshadow that is drawn evenly around the eye area and extends to the temple area to complete the mysterious mask of the bat. In order for the eyes to become more ghostly, use blue eyeshadow to create accents.

Still two-tone black and white but with some unique motifs, this way of dressing brings a 3D feel to many people.

Just drawing half a face makes you increase your masculinity and mystery. You only need to use water eyeliner to draw sharp patterns on half of the face.

Still with the style of makeup above, you just need to create a little bit can own "unique mask" to disguise the night of Hallowee. Here are a few interesting suggestions for you.
