

Summary of convenient Facebook shortcuts for Windows and Mac

If you regularly use social networking Facebook, you will want to navigate to the menus you need in the fastest way to save time. The following shortcut keys will help you master Facebook right away with your computer keyboard instead of having to navigate with your mouse.

If you regularly use social networking Facebook, you will want to navigate to the menus you need in the fastest way to save time. The following shortcut keys will help you master Facebook right away with your computer keyboard instead of having to navigate with your mouse.

Although the tips for using keyboard shortcuts are no longer new, they are often described as "*vegetarian*". The image below will help you have a visual look and is easy to apply, from which it is easier to "*belong to the lesson*".

The shortcuts below are for the two largest computer operating systems today including Windows and Mac:

Shortcuts for Windows:
