Websites that download Youtube videos online

1. Website Y2Mate.com

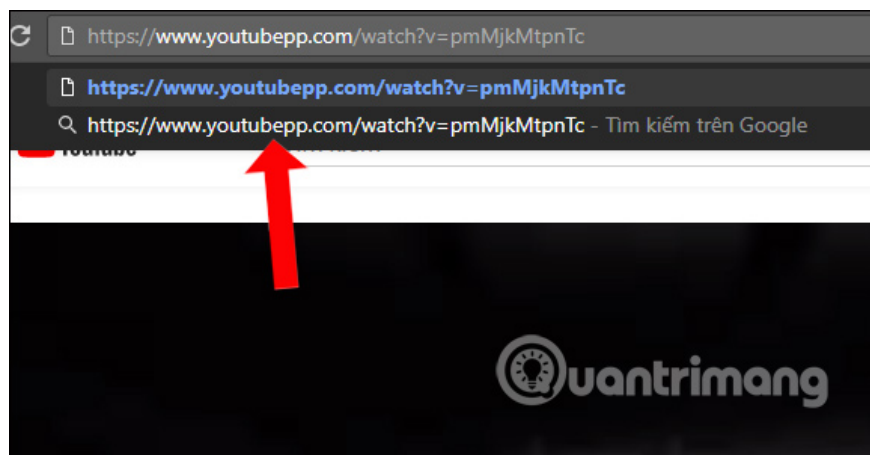

1. <https://y2mate.com/>

Y2Mate is a website that supports downloading Youtube videos, downloading audio converted from Youtube videos. Service interface in Vietnamese is very easy to use. You just need to copy the YouTube video URL to the homepage of the service.

Y2Mate also supports users to choose different download formats, depending on the downloading needs of each person. Each format will include video quality for you to download.

	mp4	mp3	Audio	webm	other
	Resolution		FileSize	Download	
	720p	m-HD	NaN	↓ Tải về	
	360p		20.7 MB	↓ Tải về	
	240p (3GP)		6.3 MB	↓ Tải về	
	144p (3GP)		2.3 MB	↓ Tải về	

A quick tip to download YouTube videos on Y2Mate is to **add more pp behind youtube** as shown below to switch to the download page of Y2Mate.

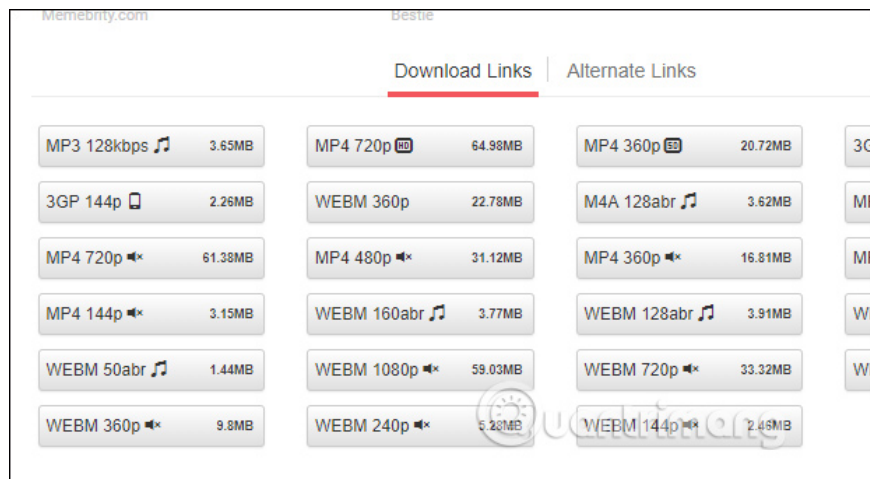

2. GenYouTube online tool

1. <https://www.genyoutube.net/>

When entering the Youtube video link into the interface of GenYouTube or entering a keyword, the service will take you to the new page with the video playback interface, as if we played the video on the homepage. Below are the video download links at Downloads Links. The links here will be in many different formats, MP3, MP4, WEBM, 3GP . with different capacities for us to choose from.

If the video download link in this section has problems, users can use the backup link in Alternate Links.

To quickly switch to the download interface of GenYouTube we can also insert genes first from youtube like <https://www.genyoutube.com/watch?v=z0A3hvfN-0> .

3. 10Convert website online

1. <http://www.10convert.com/>

10Convert is similar to the above services, supporting downloading Youtube videos and Youtube audio. In addition to inserting YouTube video URLs directly into the service, users can enter search keywords and 10Convert will search for you. Results only need to select the format and quality of Youtube videos to download

In addition, 10Convert also links to Keeplyrics website to provide lyrics if you want to watch. To quickly access 10Convert website from Youtube interface, replace the youtube phrase with 10convert as <http://www.10convert.com/watch?v=SIItFPrGEITM>.

#	Extension	Quality	Resolution	Type	Download
	MP3	Max. 30 min	Sound		Download
	mp4	hd720	720p		Download
	mp4	medium	360p		Download
	3gp	small	240p		Download
	3gp	small	144p		Download
	webm	medium	360p		Download

4. FLVTO online

1. <https://www.flvto.biz/>

FLVTO is like a page to convert Youtube videos to MP3, MP4 or AVI format. After converting to the format you want, in addition to allowing downloading files to your computer, FLVTO also has the option to send files via mail, or upload to Dropbox service.

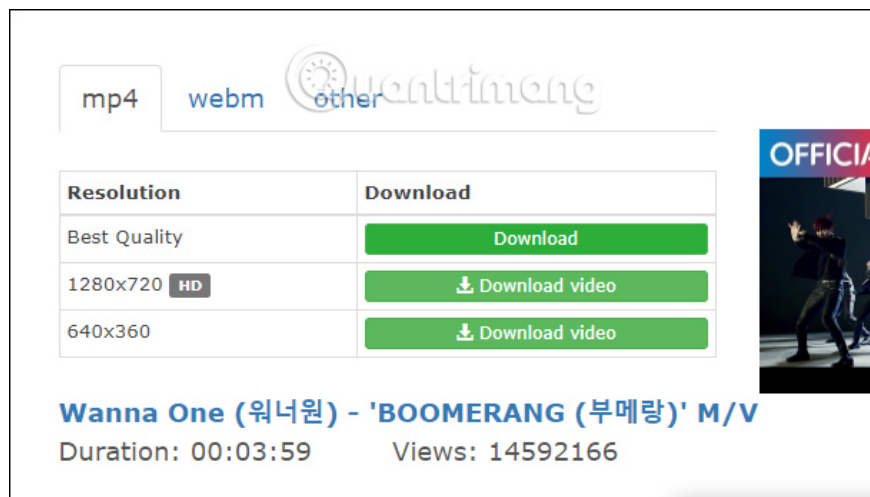

5. Getvideo.org website

1. <https://getvideo.org/en>

Getvideo supports you to download Youtube videos with only mp4, webm and 3gp video formats. If compared to other services, Getvideo has quite a few options, but it is enough to download YouTube videos to your computer.

Quick tip to transfer YouTube interface directly to Getvideo is to add gv before youtube in the URL like <https://www.gvyoutube.com/watch?v=pmMjkMtpnTc>

6. OnlineVideoConverter download Youtube videos

1. <https://www.onlinevideoconverter.com/en/video-converter>

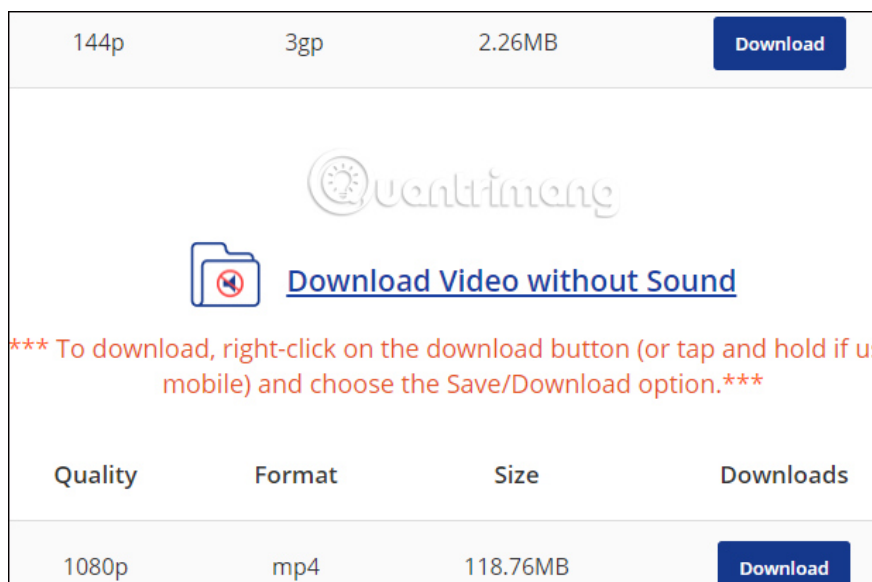

To download YouTube video on OnlineVideoConverter, simply paste the YouTube video URL and choose the audio format, or the video format you want to use. OnlineVideoConverter has the option to download videos to your computer or scan QR codes to download songs to your phone or computer.

7. PickVideo website

1. <https://pickvideo.net/>

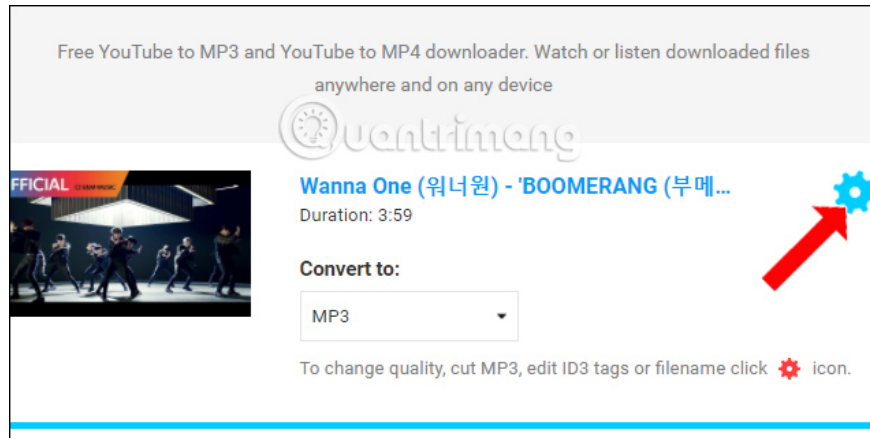

PickVideo has a look that looks quite similar to KeepVid, and the way it is classified is also very clear. After pasting the video URL into the PickVideo interface, we can choose to download the video with audio at Download Video with Sound, download the video without sound Download Video without Sound and download only Audio Download only.

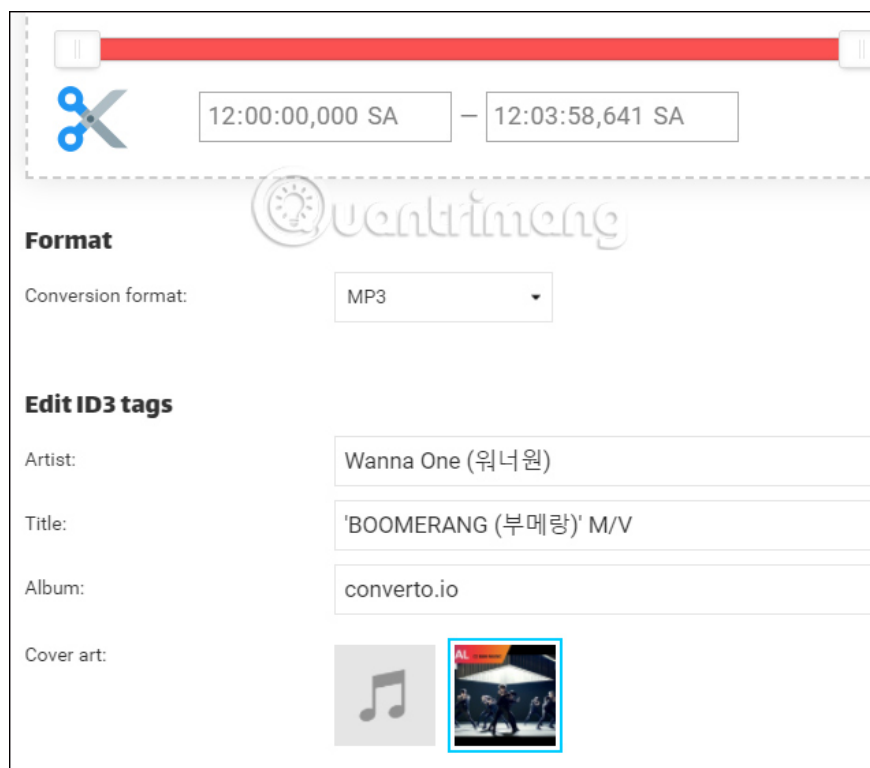

8. Website Convertio.io

1. <https://www.convertio.io/>

First of all Converto is a service that allows downloading Youtube videos in mp3 or video format, but the service also supports you to customize the video quality, audio cut, with optional audio clip. Select the format you want to download and click the gear icon.

You select the audio track you want to cut and then click Save to save the sound, click **Convert** to proceed with the conversion and click **Click here** to download.

9. YooDownload online

1. <https://yoodownload.com/>

YooDownload provides mp4, mp3, 3pg, webm formats to download videos to your computer, along with different video quality. After entering the video URL into the interface, we will be immediately transferred to the

video download page, very simple.

Quality	File Type	Size	Downloads
▶ Low Quality (144P)	3gp	unknown	Download
▶ Low Quality (180P)	3gp	unknown	Download
▶ Medium Quality (360P)	webm	unknown	Download
▶ Medium Quality (360P)	mp4	unknown	Download
▶ HD Quality (720P)	mp4	unknown	Download
🎵 Convert to MP3	MP3		Download

10. Website 2Conv.com

1. <https://2conv.com/>

2Conv will also convert Youtube videos to mp3, mp4, mp4 HD, avi or avi HD formats. The conversion process will depend on the format you use as well as the video quality that users use.

So you have a lot of free online YouTube video download services. The use of web pages is extremely simple, providing a variety of video formats and sound quality for users.
