3. Flower foam
4. The kind of flowers you like
5. Teddy bear, 1 box of cake or small candy (if you like)
6. Plastic bags, color-cut paper, glue, scissors

## Making:

**Step 1** : If the box is purchased outside the shop, you do not need to clean it, but for cake boxes, you should clean it so that it is not dirty. Next, take the lid of the cake box and place the lace cloth on top of the lid so that it fits the lid and use glue to put the lace on the lid.

**Step 2** : Take the cake box body and measure it on a piece of sponge equal to 1/2 of the box, forming a semicircle and re-mark the line just measured. Then use a knife along the paper or scissors to cut away the excess.

**Step 3 :** Use a plastic bag wrapped around the sponge to prevent water from being absorbed and place the sponge in the gift box and then use the scissors to trim the excess plastic to fit the sponge.

**Note :** Remember to soak the sponge in water before putting it in the box!

**Step 4 :** Use colored paper to cut each fiber into small pieces and put in the remaining 2/3 boxes.

**Step 5 :** Flowers should be shortened and flower closed.

You should use large flowers or bunches of flowers with light colors such as hydrangeas, orchids or roses, the gift box will be better than that!

**Step 6 :** Finally put the bear and pack the candy in the box, so you have completed the super cute bear flower box to give her on March 8 or other special occasions.
