

# Sway Preview is ready for everyone to test

According to the latest information today from Microsoft, Office Sway Preview has now been extended to all users. Sway is a new application from Microsoft that allows you to implement ideas in a completely new way on any device.

**According to the latest information today from Microsoft, Office Sway Preview has now been extended to all users. Sway is a new application from Microsoft that allows you to implement ideas in a completely new way on any device.**

The Sway Preview was released about 10 weeks ago and has over 175,000 requests to participate as well as over 1 million viewers. Here are the features added to the new Office Sway Preview version:

1. Undo and Redo
2. Bullets and numbering
3. Edit text on canvas
4. Rearrange the parts more easily
5. Enter PDF into Sway
6. Improve the palette to choose

In addition, today's iPhone devices also receive new app updates that allow you to create *offline Sways* with better support for iPhone 6 and 6 Plus.
