You can take advantage of ropes and discarded paper boxes to make beautiful flower baskets. This will undoubtedly be a very unique gift that makes your loving women surprise on **Vietnamese Women's Day 20 - 10**.

Not only as gifts, flower basket from this rope is also suitable for decoration in the family. You can hang on the door, the balcony or the window in the living room are very beautiful.

## 1. Round flower basket

### Material for making round flower basket from rope

1. Rope
2. Round paper box (or plastic box)
3. Pens, rulers
4. Paper scissors or knives
5. Glue Guns

## How to make a round flower basket from a rope

### Step 1:

You cut down the paper box so that the flower basket has the desired size.

### Step 2:

Use a rope to wrap around the paper box, from the bottom up and use the fixed glue gun. Wrap the rope tightly so that the paper box is not exposed.

### Step 3:

You cut two pieces of rope equally, have a length of about 20cm and stick it inside the mouth of the paper box.

Note: paste into 4 symmetrical positions to create balance. Otherwise, when you pick it up, the flower basket will be skewed, tilted to one side.

So you have completed a beautiful round flower basket from the rope. You can decorate some leaves in the handbag so the flower basket looks more vivid. If you don't like flower arrangements, you can use it to make a basket that is also very useful.

## **2. Cylindrical flower basket**

**Material made of flower basket cylindrical from rope**

To make this cylindrical flower basket, you also need the same materials as above and only replace the paper box with paper roll core. If there is no paper roll core, you can use plastic tubes or bottles as you like.

## **How to make a cylindrical flower basket from a rope**

### **Step 1:**

Use a ruler and pencil to mark the position, then take a scissors or paper knife to cut a piece of paper roll about 7cm - 10cm long.

Note: depending on the diameter of the paper roll, you can adjust the length so that the flower basket looks more balanced and beautiful.

### **Step 2:**

Place one end of the rope on the top edge of the paper roll core and slowly roll it in a circle to cover the paper core. Roll to where you use glue gun to stick there.

**Step 3:**

Cut a piece of rope about 30cm long and then stick it inside the paper core to make the strap of the flower basket.

After that, you just need to flower in there is a beautiful basket of flowers.

The simplicity, simplicity has the rustic part of the rope, with the soft and soft features of colorful flowers that will be an interesting combination, creating a unique gift on **Vietnamese Women's Day . 20 - 10** coming.
