Kim Dung swordplay films always have the details of people on the Gypsy scrambling to kill each other together with the scramble for martial arts secrets, which contains a lot of mysteries. Therefore, these works are always an endless source of content to inspire game makers.

It can be said that The Return of the Condor Heroes is one of the best novels by author Kim Dung, this work has been adapted into many movies, television, online games, offline . And most of them are reaped. picking certain successes

As soon as VNG announced that it had successfully bought the new product **Tan Tan Dieu** and was about to debut in the near future, the community around the world gave a series of favors, as well as extremely looking forward to experiencing it personally. world in this game.

It is known that Tan Than Dieu is the sequel of The Return of the Condor Heroes that debuted in Vietnam in 2016. Especially both are formed under the talented hands of the great Perfect World.

Fans of Perfect World 'dissected' Perfect World VNG

Perfect World VNG's community group quickly increased the number of members in just one note, most of which were crazy fans of Hoan My World coming to the capital.

Meanwhile, The Return of the Condor Heroes brings a vast world of swordplay, where players can join the story of the Condor Heroes that is skillfully combined. From here, the classic tales in the story of Kim Dung are gradually revealed with many other variations to bring a series of surprises for players. The graphic of the Return of the Condor Heroes is designed with bright, youthful tones with a modern twist. Characters in the game have their own personality in the direction of Q-style to be closer to gamers.

Remembering that after just a few hours of debut, the number of people participating in The Return of the Condor Heroes quickly increased to such a dizzying level that all roads were overloaded. All maps fall into the scene of more people than monsters, extremely inactive.

Following that success, the new blockbuster Tan Than Dieu VNG is considered as the trump card of this NPH next to the product Tan Tieu Ngao Giang Ho Mobile in the Chinese market. It is known that this game belongs to the role-playing genre combined with general card battle, there will be 2 types of summoning charms for players to try their luck, 1 time summon charm 1 character that is easy to collect and 1 time summon amulet Characters are harder to find. The rate of rotation of this time is relatively good, during the experience, with 2 charms 1-5, the player can have a full range of AS generals to give a reasonable formation for themselves.

If in The Return of the Condor Heroes, gamers can choose 1 of 4 sects: Wudang, Tianshan, Ming Church and Tiao Dao, in the new God of the Condor VNG, the number of sects has changed and increased to 6 including : Co Mo, Dao Hoa, Dai Ly, Cai Bang, Bach Da and Mat Tong. The original 6 main players selected players will be able to join 3 of these 6 factions.

More specifically, after selecting the appropriate sect, gamers will be able to select 3 protagonists to start the adventure. Quite special and different than many games of the same genre.

Inheriting Version 1, Tan Than Dieu VNG also attracted attention at first sight is the very reasonable game interface and extremely lovely Q-Style character design style. Players have the opportunity to meet many familiar characters such as Duong Qua, Tieu Long Nu, Quach Tinh, Lam Trieu Anh, Vuong Trung Duong, . The characters all have their own personalities and unique adventure stories. The plot of the entire series of Three Sculptures will gradually appear for you to explore during your adventure.

In addition, the surrounding scenes such as houses, trees, strongholds, etc. are also created by Perfect World in a funny style like an animation, bringing a quite harmonious look with the characters. .

In the Return of the Condor Heroes, one of the features that attracts players is the PK. Accordingly, the PK system will allow players to map each other anywhere in the game, as long as the map area is not protected. Especially when using the PK feature to occupy the train yard, this slaughter system will automatically prioritize 'defense' with the first character and then the monster, thus limiting the situation where gamers develop the wrong skill. on monsters or have to focus manually, causing a lot of time like other games.

The crazy fans of this game are extremely looking forward to Perfect World will keep that feature or develop more in New Spirit of VNG to make the game more dramatic.

Currently VNG has just launched the New Spirit Home page and is set to launch on April 29. On the homepage, players can participate in exciting events to bring the opportunity to own many valuable gifts, as well as useful codes when the game officially opens.
