1. Windows PowerShell
 2. Bash
 3. Emacs
 4. COMMAND.COM
12. Question 12: What is a PCI card connected to an external device?
1. Input devices
 2. Peripherals
 3. Controller card (Controller card)
 4. Electronic lock (Dongle)
13. Question 13: Which version of macOS introduces Dark Mode feature?
1. El Capitan
 2. Sierra
 3. High Sierra
 4. Mojave
14. Question 14: What is the process of automatically starting the process when downloading an application?
1. Batch processing (Batch processing)
 2. Loading, self-priming (Bootstrapping)
 3. Reverse link (Backlinking)
 4. Bytecode programming
15. Question 15: Which of the following programs can download and run the .CLASS file?
1. IIS
 2. JVM
 3. RSS
 4. SSH
16. Question 16: What is the security protocol for Wifi network?
1. WAIS
 2. WINS
 3. WEP
 4. W3C
17. Question 17: Where is the Wifi standard?
1. 802.10n
 2. 802.11n
 3. 802.12n
 4. 802.21n
18. Question 18: Where is the standard database command set?

1. ODBC
 2. UDDI
 3. ADSL
 4. DSLAM
19. Question 19: What is the macOS desktop interface called?
1. Windows
 2. Spotlight
 3. Finder
 4. File Explorer
20. Question 20: Which of the following is the oldest technology?
1. Magnetic tape
 2. SSD hard drive
 3. DVD
 4. CD-R
21. Question 21: How many Megabit data transfers per 10 Gbps connection?
1. 800
 2. 1,250
 3. 10,000
 4. 10,000,000
22. Question 22: How many IP addresses are there in a subnet mask 255.255.255.224?
1. 32
 2. 124
 3. 1,224
 4. 255.255.255.224
23. Question 23: What is the alignment of left and right alignment text?
1. Centered (Centered)
 2. Justified (Justified)
 3. Home
 4. Align full paper size
24. Question 24: What is the Base-10 number system?
1. Abacus (Abacus)
 2. Binary (Binary)
 3. Calculus (Calculus)
 4. Decimal (Denary)
25. Question 25: Microsoft Excel is designed to create any kind of text?
1. Bitmap photos
 2. RTF file format (rich text format)
 3. Spreadsheet
 4. Animation
26. Question 26: What is the process of booting the computer?
1. Boot sequence
 2. Refresh screen
 3. Format hard drive
 4. Reinstall operating system (OS reload)
27. Question 27: The lowercase letter in iSCSI stands for?
1. Internet
 2. Improved
 3. Internal
 4. Interconnected

28. Question 28: What is the correct statement about host and server?

1. Host and server terminology refers to the same thing.
2. All servers are hosts but all hosts are not servers.
3. All hosts are servers but all servers are not hosts.
4. A server is never considered a host.
