

# Test of technology terminology - Part 11

In today's article, TipsMake.com introduces you to the next part of the Technological Termination test series. I wish you successfully completed the test!

1. 1. What is the commonly used protocol for web publishing?

1. FTP
2. SMTP
3. LDAP
4. WEP

The correct answer is "FTP".

2. 2. What languages ??are designed to create web scripts?

1. Java
2. Ruby
3. Pascal
4. Scheme

The correct answer is "Ruby".

3. 3. What is the most popular VPS used for?

1. Web hosting
2. Play online games
3. Stream (stream) music
4. Chat on the Internet

The correct answer is "Web hosting".

4. 4. Which platform is reported by ANR?

1. Windows
2. macOS
3. iOS
4. Android

The correct answer is "Android".

5. 5. Which of the following is considered a microcomputer?

1. Mainframe computer
2. Desktop
3. Smartphone (Smartphone)
4. Smart watches (Smartwatch)

The correct answer is "Desktop".

6. 6. Which of the following is a type of VDU?

1. A / V receiver
2. television
3. Speakers
4. Game console

The correct answer is "TV".

7. 7. What type of content does the RSS feed contain?

1. Image
2. Video
3. Compressed archive
4. XML formatted text

The correct answer is "XML-formatted text".

8. 8. What type of software program has a command line interface?
1. Web browser
  2. Terminal
  3. Spreadsheet application
  4. Word processor

The correct answer is "Terminal".

9. 9. What is Google's video sharing service called?
1. YouTube
  2. Play
  3. Gmail
  4. Pixel

The correct answer is "YouTube".

1. Desktop application

2. Website
3. Email
4. Print

The correct answer is "Website".

16. 16. Which of the following can be called a "guest" on the server?

1. Application
2. Virtual machine
3. Wireless router
4. External Hard Drive

The correct answer "Virtual machine".

17. 17. Which Microsoft Office program is not available for macOS?

1. Word
2. Excel
3. PowerPoint
4. Access

The correct answer is "Access".

18. 18. Which Windows option stores the status of the PC, then shuts down the computer?

1. Shut down (Shut down)
2. Hibernate (Hibernation)
3. Sleep
4. Restart

The correct answer is "Hibernate".

19. 19. How many dots are there in an IPv4 address?

1. first
2. 2
3. 3
4. 4

The correct answer is "3".

20. 20. What does the hypervisor manage?

1. Firewall
2. Processor
3. Virtual machine
4. Dynamic web pages

The correct answer "Virtual machine".

21. 21. What are the binary samples used for virus detection?

1. Trojan horse
2. Virus definition
3. Macro
4. Seed

Correct answer "Virus definition".

22. 22. Which of the following Apple devices appears first?

1. iPod
2. iPad
3. Iphone
4. Apple Watch

The correct answer "iPod".

23. 23. What is a website with only 5 to 10 pages called?

1. Static website
2. Dynamic website

3. Flat site
4. Minisite

The correct answer is "Minisite".

24. 24. What does the "i" in 1080i mean?
1. Improved
  2. Inverted
  3. Interlaced
  4. Intelligent

The correct answer is "Inverted".

25. 25. What does a 4K monitor have?
1. Pixels (pixels) are measured horizontally
  2. Pixels are measured vertically
  3. Pixel at 1/4 screen
  4. Total pixels

The correct answer "Pixel is measured vertically".

26. 26. In what software suite are Word, Excel and PowerPoint included?
1. Adobe Creative Cloud
  2. CorelDRAW Graphics Suite
  3. Microsoft Office
  4. Apple iWork

The correct answer is "Microsoft Office".

27. 27. People can hear sounds from about 20 hertz to 20 .
1. Kilohertz
  2. Megahertz
  3. Gigahertz
  4. Terahertz

The correct answer is "Kilohertz".

28. 28. Which web server software is developed by Microsoft?
1. Apache
  2. Nginx
  3. WebSphere
  4. IIS

The correct answer is "IIS".

29. 29. What kind of device is a MacBook?
1. Desktop
  2. Laptop
  3. Tablet
  4. Smartphone

The correct answer "Laptop".

30. 30. What is the common name for the 8981 4 pin connector (pin) used to power the internal components?
1. Firewire
  2. Coaxial Cable
  3. Molex connector
  4. SCSI interface

The correct answer is "Molex connector".

31. 31. Which function key is usually associated with "Refresh" command in Windows?
1. F1
  2. F3
  3. F5

4. F7

The correct answer is "F5".
