

Test of technology terminology - Part 8

Where is your tech savvy? Test your knowledge with the following 28 multiple choice questions.

1. Question 1: What are DDR1, DDR2, DDR3 and DDR4?
 1. Intel CPU
 2. AMD CPU
 3. SDRAM memory module
 4. Internal SSD hard drive
2. Question 2: What can UICC cards also be used for?
 1. SD card
 2. Compact flash card
 3. PCMCIA card
 4. SIM
3. Question 3: Which of the following operating systems is not a mobile operating system?
 1. BlackBerry OS
 2. Android
 3. iOS
 4. macOS
4. Question 4: Which measurement unit is used to measure floating point performance?
 1. Gigabytes
 2. Gibibytes
 3. Gigaflops
 4. Gigawatts
5. Question 5: Which Java programming language is owned by?
 1. Apple
 2. Google
 3. Oracle
 4. IBM
6. Question 6: What kind of connection is "tunneling" through WAN?
 1. VPN
 2. LTE
 3. Ethernet
 4. WIFI
7. Question 7: What kind of functions does the Winsock library include?
 1. Graphics
 2. Network
 3. Parallel computing
 4. Web browser
8. Question 8: What is the term often associated with enterprise?
 1. Government
 2. Education

3. Small Business
4. Big business
9. Question 9: What is the main function of Veronica service that is released in 1992?
 1. Search
 2. Browser
 3. Rendering
 4. Spell check
10. Question 10: Which unit is equal to 10^{21} bytes?
 1. Petabyte
 2. Exabyte
 3. Yottabyte
 4. Zettabyte
11. Question 11: What is the difference between DVD + R and regular DVD?
 1. DVD + R can be deleted while DVD does not.
 2. DVD Recorder can write data to DVD + R, but not DVD.
 3. DVD + R can be used in the world, while DVD is designed for USA.
 4. DVD + R discs can read faster than DVDs
12. Question 12: What is the base layer of an operating system?
 1. Control panel
 2. Taskbar
 3. Dock
 4. Kernel
13. Question 13: What effect does degaussing reduce?
 1. Disk space is wasted
 2. Magnetic
 3. The phenomenon of fake images when compressing photos
 4. Voltage

Degaussing: Degradation
14. Ques 14: What is the same with Windows shortcut or Mac alias?
 1. Hypertext
 2. Symbolic link
 3. Recycle bin (Recycle bin)
 4. Address bar
15. Question 15: What is a social event held to watch StarCraft matches called?
 1. BlizzCrafts
 2. BarCrafts
 3. CrowdCrafts
 4. ViewCrafts
16. Question 16: What process is used to record analog signals into digital data?
 1. Rendering
 2. Post-audio processing (Mastering)
 3. Sampling method (Sampling)
 4. Remove signal noise (Dithering)
17. Question 17: Which smartphone feature corrects spelling errors when typing?
 1. Autofill
 2. Autocomplete
 3. Autocorrect
 4. Autoplay

Autofill: Autofill

Autocomplete: Autocomplete

Autocorrect: Automatic correction

Autoplay: Autoplay

18. Question 18: What kind of network is Gnutella?
 1. P2P
 2. CDN
 3. SAN
 4. VLAN
19. Question 19: What is the abbreviation used for the principle?
 1. Individuals can only handle many gigabytes
 2. Local area network is faster than Internet
 3. A better user interface than a fast program
 4. Bad input produces bad output
20. Ques 20: What type of file is Apple's QuickTime technology designed to handle?
 1. Microsoft Office documents
 2. Webpage
 3. Email attachment
 4. Media file
21. Question 21: What kind of image does the plotter print?
 1. Black and white photo (Halftone)
 2. Bitmap images (Screenized images)
 3. Vector image
 4. HDR photos
22. Question 22: What file extension can Readme have?
 1. .TXT
 2. .APK
 3. .APP
 4. .GIF
23. Ques 23: What markup language is designed to describe the virtual world?
 1. HTML
 2. VRML
 3. XML
 4. WML
24. Question 24: Hyper-threading is a parallel technology developed by which company?
 1. Apple
 2. Apple
 3. Intel
 4. NVIDIA
25. Ques 25: Which of the following lists the user rights?
 1. ACL
 2. DDL
 3. ITIL
 4. SDSL
26. Ques 26: What kind of computer is most likely to run Apache software?
 1. Mail server
 2. File server
 3. Web host
 4. Database server

27. Question 27: What is not an advantage of wired network?
1. Safe
 2. electricity
 3. Mobile
 4. Reliable
28. Ques 28: Which version of Windows was released in 2009?
1. Windows Vista
 2. Windows 7
 3. Windows 8
 4. Windows 10
