

# The 13-inch MacBook Pro is the best-selling laptop on Amazon

Apple devices get the most attention while e-books Kindle Wi-Fi is the best-selling electronic device on Amazon.

**Apple devices get the most attention while e-books Kindle Wi-Fi is the best-selling electronic device on Amazon.**

Yesterday, the online sales site Amazon announced the list of best-selling and most-interested products in 2010. It's no surprise that Kindle Wi-Fi e-book reader tops both charts. Best selling electronics and many people want to own the most. While Apple products are used the most.

The 13-inch MacBook Pro is the best-selling laptop on Amazon.

The most surprising is Apple's unexpected success when the 13-inch MacBook Pro tops the best-selling and most-wanted laptop charts. Laptops bought by many customers choose to be the best gift is a cheap model of Toshiba Satellite 15.6-inch screen

Amazon also announced the best-selling mobile on its system, Samsung Captivate phone running Android (version for Galaxy S's AT&T network). However, the most desirable mobile phone is LG Cookie. The most chosen mobile gift is the Nokia N900.

Despite being a big online sales site, the results of Amazon's publication are for reference only and cannot reflect completely on the current market. Even so, these figures also show the need for high-end e-books and Apple's dominance in the high-end notebook segment.
