

The 5 best online games to play in 2019

Recently, The Game Awards has released a list of the 5 best online games, with the most players in 2019.

Recently, The Game Awards has released a list of the 5 best online games, with the most players in 2019.

Apex Legends

Apex Legends is a first-person shooter style game with a battle royale style, causing a fever worldwide in early 2019. In just 3 days of launch, Apex Legends has attracted more than 10 million players.

In the game, players will play one of eight legends with the task of coordinating with two other players to form a team against 57 enemies. The group that stands firm in the end will win.

Borderlands 3

Borderlands 3 is a sequel to the exciting Borderlands shooter series released by 2K Games. The game takes place many years after the events in Borderlands 2, is added with four new Vault Hunters, each equipped with a number of unique skills that have never appeared in the previous sections to give players the Wonderful experience.

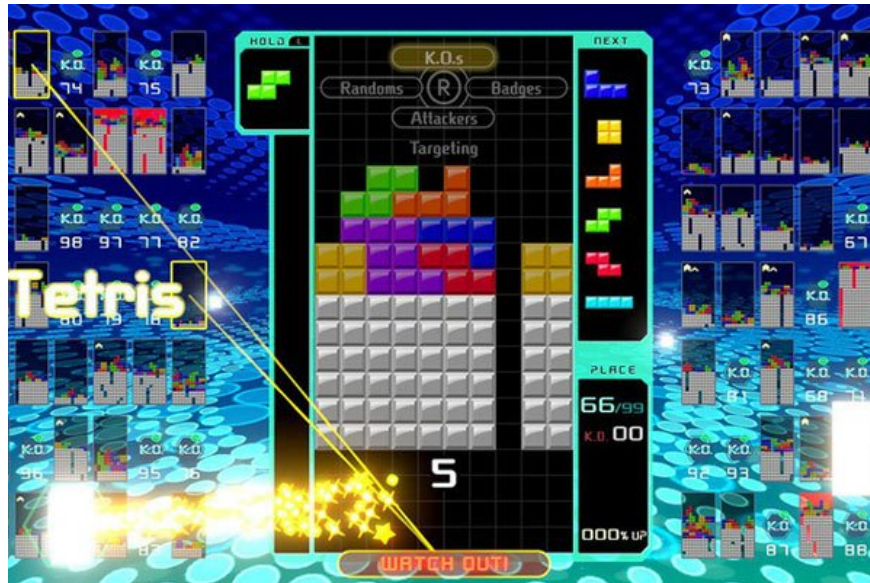

Call of Duty: Modern Warfare

Call of Duty: Modern Warfare blockbuster with compelling storyline, there are many multiplayer parts with different modes has quickly attracted a large number of gamers right from the beginning.

In the game, players will be involved in fierce battles, hidden many mysteries.

Tetris 99

Tetris 99 - a new puzzle game released by Nintendo in 2019, operates under battle royale mode like PUBG or Fortnite. In the game, you will compete with 98 other people at the same time, rather than playing alone or dueling like previous versions.

During the game, gamers can use the "rubbish" blocks to attack other gamers to hinder and make it difficult for them. The last player standing will be the winner.

Tom Clancy's The Division 2

Division 2 is a shooting RPG with campaign mode, co-op and PvP with realistic graphics and engaging gameplay. Compared to the first part, The Division 2 is fully upgraded in all aspects from graphics, sound, campaign system and gameplay.
