

The 70 million Sony Vaio laptop is about to be sold in Vietnam

Famed for its high-end products, Sony continues to surprise when it presents the most classy laptop at Mobile Vietnam International Exhibition and Conference 2012.

Famed for its high-end products, Sony continues to surprise when it presents the most classy laptop at Mobile Vietnam International Exhibition and Conference 2012.

Although the only laptop was introduced at the first mobile exhibition in Vietnam, it made many visitors surprised, because this 'small' laptop cost up to 69.9 million.

Vaio SVZ13115 Laptop is displayed at the International Exhibition and Conference Mobile Vietnam 2012.

The product has a strong design combined with super-quality casing material made from durable, lightweight carbon fiber. It is upgraded with a high-capacity SSD solid-state hard drive, with the ability to convert discrete graphics cards to high-performance machines.

Vaio Z with ultra-light and slim design (weighing 1.175 kg and 16.65mm thin), perfect for moving people. Smooth surface is easy to remove and remove from the bag. This is a series specially designed by Sony on the occasion of 15 years of Vaio brand.

The screen of the device is only 13.1 inches but the resolution is up to Full HD 1920x1080 LED screen technology for Adobe RGB color saturation up to 96%, almost can display all colors.

The device is equipped with Intel Core i7-3612QM processor with speed of 2.10 GHz with Turbo Boost up to 3.10 GHz, RAM 8GB, SSD 0 in SSD 0 with 256GB capacity, Blu-ray player, 1GB display card, and standard Wifi, Bluetooth 4.0, 2 USB 3.0 ports, HDMI, card reader, Intel HD 4000 graphics.

It works on Windows 7 Professional 64bit operating system and will be upgraded to Windows 8 when this version is released to the market.

A special feature of this model is the production and installation right in Japan. According to the plan, the device will be sold to Vietnam market by the end of this year with prices up to 69.9 million, with extra batteries included.
