

# The anonymous phone company launched the first 1TB capacity smartphone in the world that made the technology world look back

The first smartphone with storage capacity of up to 1TB named Smartisan R1, launched by Smartisan / Hammer Technology, an almost anonymous phone company on the market has surprised the tech world.

The first smartphone in the world with storage capacity of up to 1TB named Smartisan R1, launched by Smartisan / Hammer Technology, an almost anonymous phone company on the market has surprised the tech world.

Luo Yonghao, CEO of Smartisan Technology shared, the character R in the name of this product stands for 'Revolution', meaning that this is a revolutionary product.

Smartisan R1 is extremely impressive with Snapdragon 845, 6 / 8GB RAM and 128GB ROM. But the new premium Smartisan R1 is the historic smartphone with 8GB of RAM and 1TB of storage. This is the first smartphone in the world to reach 1TB capacity, breaking the record of Huawei Mate RS Porsche Edition with the highest internal memory of 512GB.

On the camera, Smartisan R1 has a 12MP + 20MP dual camera using Sony IMX363 and Sony IMX350 sensors, the front camera has a resolution of 24MP f / 2.0 aperture, supports AI beauty.

Currently, Smartisan R1 is only open for sale in China and its price depends on each version but it is not pleasant at all:

1. Version 6 + 128GB has a starting price of 3499 yuan (about 12.48 million VND).
2. The 8 + 128GB version is 4499 yuan (about 14.2 million VND).
3. Premium version 8GB + 1TB up to 8848 yuan (about 31.57 million VND).
