Baisvik Disk Cleaner's outstanding feature:

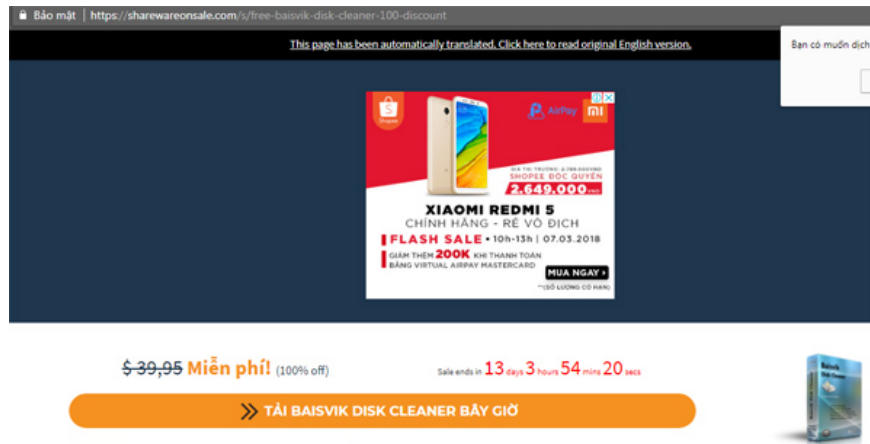

1. Fast Disk Scan: A fast scan mode saves time and still detects and kills files in locations where they are frequently hidden (location based on statistical data).
2. High safety, no worry about losing important data.
3. 59 different disk scanning categories can help find and destroy a large number of junk files in different locations in the drive.
4. More than 80 masks for disk scan: Supporting 80 built-in masks can "scan" junk files across the entire drive when performing deep scan.
5. The interface is simple and easy to use.
