The trend of dyed hair this year is gentle, neutral colors with predominant brown tones. In particular, especially many girlfriends are cold brown.

What is cold brown?

True to its name, the brown is cooler than the other browns, even close to the black hair. However, when it comes to the sun, the cold brown color will 'flare up' to become extremely prominent with mossy green with a bit of faint, subtle smoke.

Why choose cool brown to dye hair

1. Cold brown hair color is very beautiful, suitable for many styles from gentle to personality, helping the girls look younger and more active.
2. Cold brown color neutral, not too bright nor too sympathetic to everyone.
3. Cold brown hair dyes do not need to be removed, so they will not cause dry, damaged hair after dyeing.
4. Cold brown color holds much better than other hair colors so you won't have to worry about your hair getting discolored.
5. Cold brown hair enhances skin tone, even with dark skin, making it noticeably brighter.

The coolest browns

Brown moss

Mossy brown hair is very beautiful, not too disruptive nor too classic, suitable for all face types and hair styles. Therefore, mossy cold brown is suitable for many different ages.

Cold brown smoky

Smoke brown is also a perfect choice for those who want to dye their hair and change their style. Smoky brown hair is one of the most beautiful hair colors, creating a youthful and dynamic feeling, helping you attract all eyes of men.

Bronze light

Bronze light brown is a 'luxurious' hair, created from a combination of deep brown and copper light. The copper-brown hair creates a serene, sensual, very flattering skin and helps to cover the blemishes on the face

Cold brown light purple

Cold brown with a hint of classic color but also very modern. This color is not picky and very suitable for her personality.
