1. Which direction is the train going?

© Mighty Optical Illusions

You can change the direction when observing it.

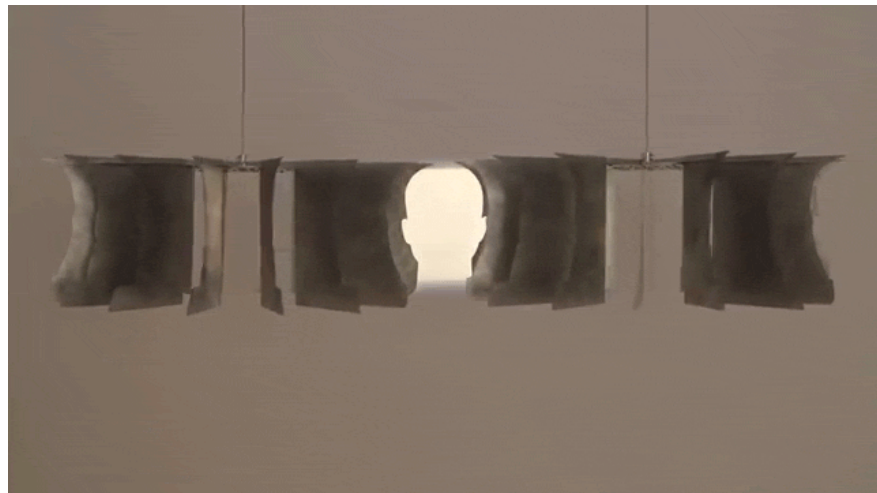

2. What is the color of the background?

© Rats – FunnyBone

It is difficult to follow. Seems like those points are dancing before your eyes?

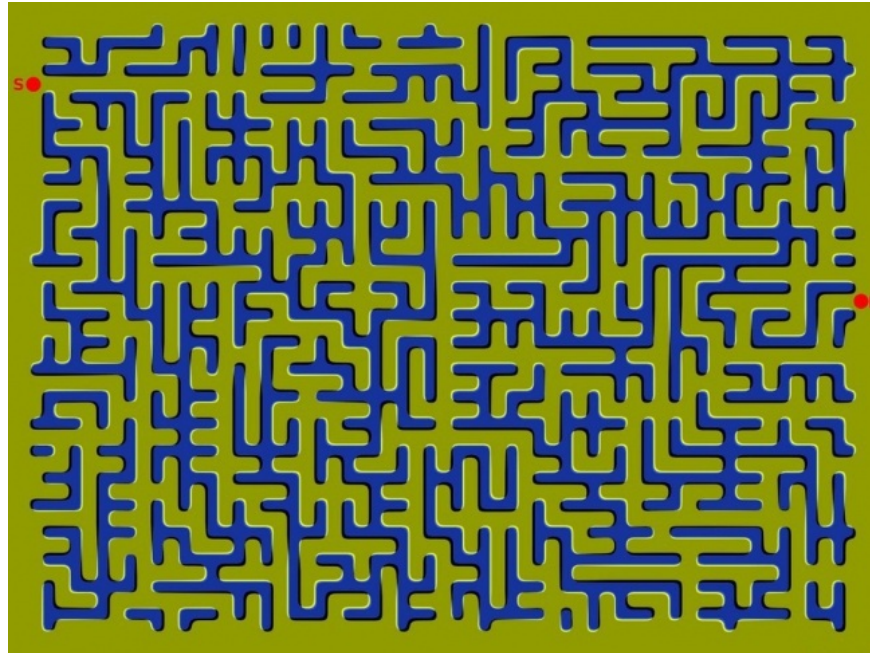

3. Motion illusion

© Markus Raetz

A sculpture created the illusion of a rotating movement. Has your head rotated?

4. Which way to escape the labyrinth?

© CollegeHumor

How long will it take you to escape this maze?

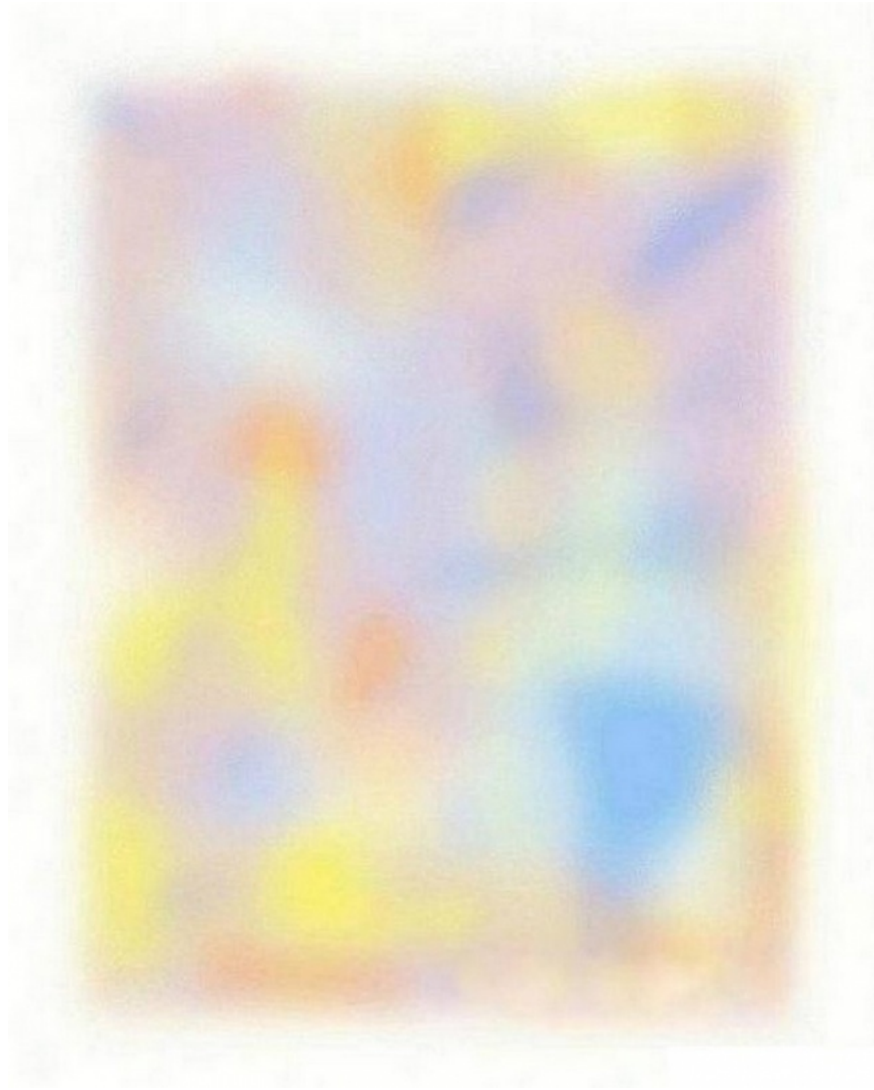

5. Did you find the goose in the picture?

© Igor Lysenko

Modern surreal works contain a huge amount of conundrums and " *hidden* " images. The artist hid the image of a goose in the picture above. Can you find it?

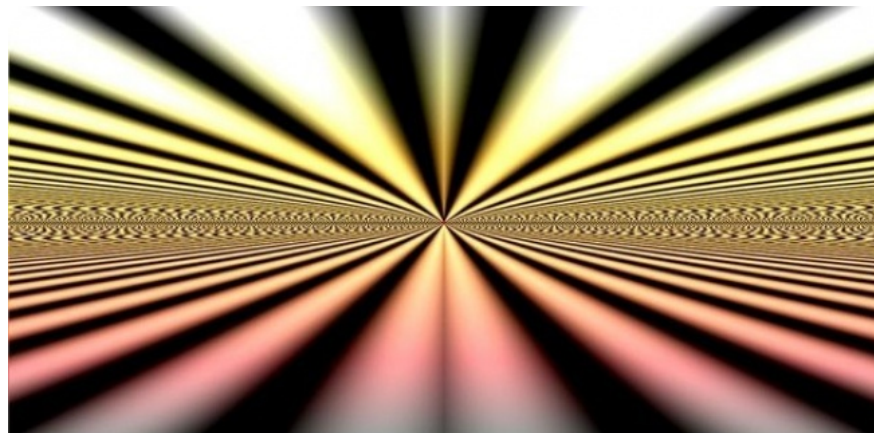

6. What do you see?

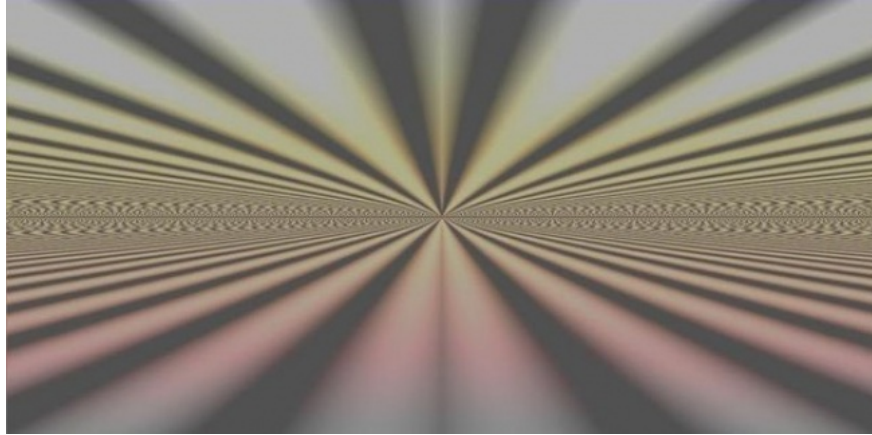

© THE META PICTURE

If you focus on the photo without winking or looking elsewhere, the image will disappear, will you see it?

7. Focus on looking carefully at what picture you see?

© Skytopia

© Skytopia

Look at the red dot in the middle of the picture from 1 to 2 minutes. Then, scroll down to the second image and focus on looking at the middle of the picture.

8. In your opinion, are these dice placed vertically or horizontally?

© BLAZE PRESS

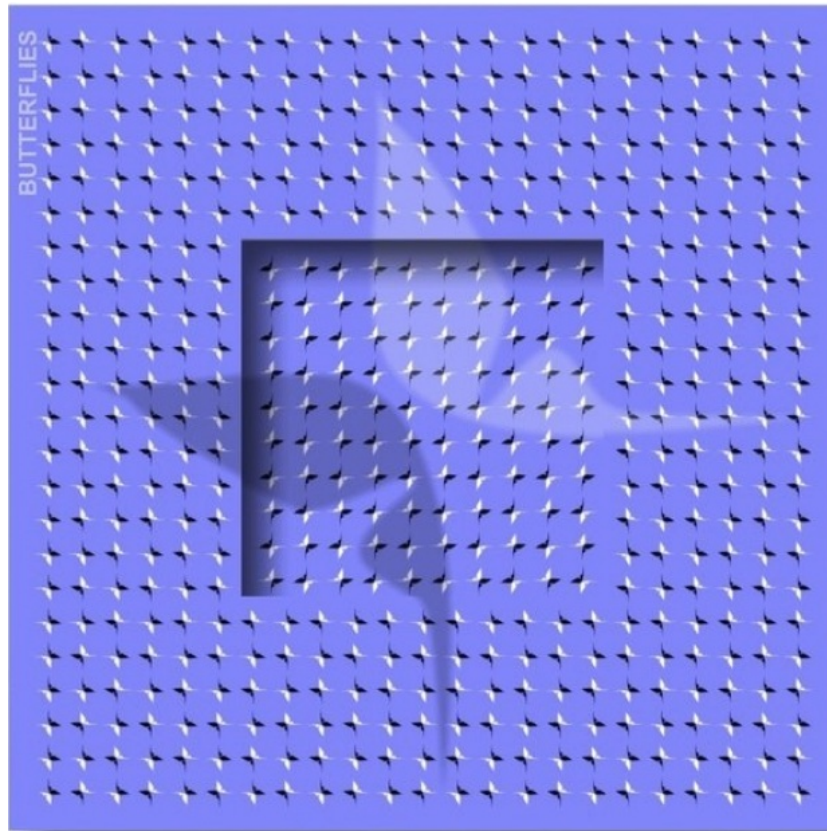

9. Look at the red dot on the girl's nose for 30 seconds

© Mighty Optical Illusions

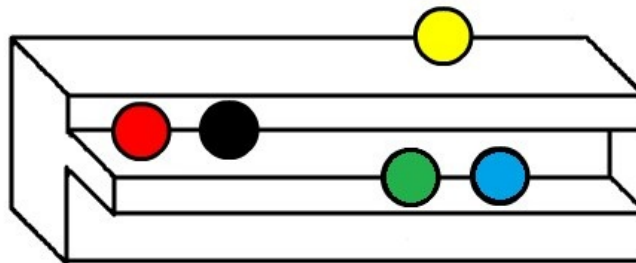

Look at the red dot on the girl's nose for 30 seconds, then look up at the wall, ceiling or another solid-colored surface, and wink quickly to see if there's any miracle!

10. Do you see butterflies moving?

© Jikoman

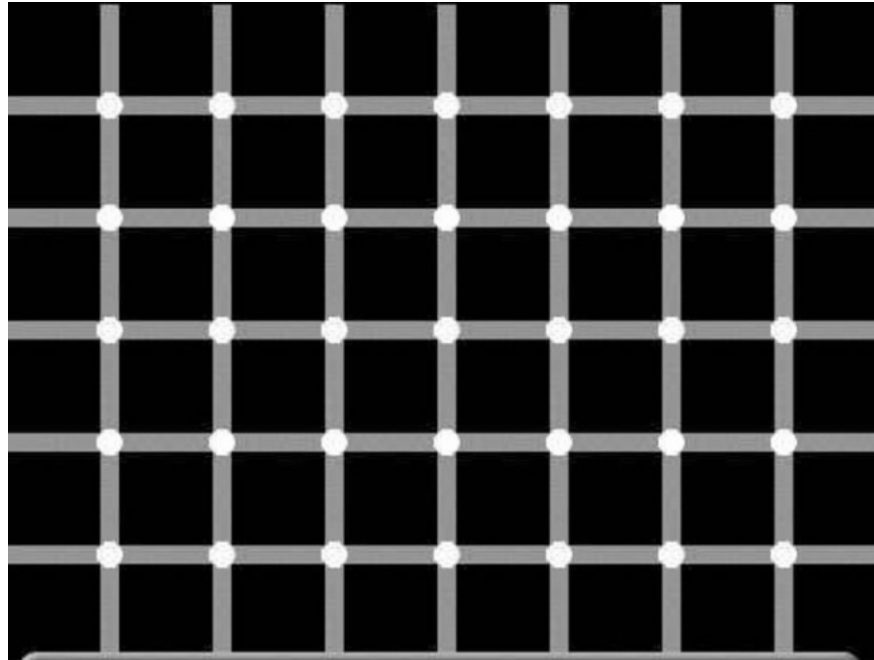

11. Try to guess how many spheres are on the bottom of the shelf?

© SlideShare

It's easy to see the yellow orb at the top, but according to you, how many spheres are on the bottom of the shelf?

12. Count how many black dots there are!

© Wikipedia
