Sự thật

A fairly logical problem about Valentine 14-2 is solved by the bridging method of the FAs.

The photo shows a hand in the hands of the FAs, but the truth behind it is bitter - hand in hand, pretending that the other hand belongs to the loved one.

With FA, they hope 14-2 will just be a normal day like any other day.

FA analysis of February 14. It makes sense, right?

* A

1 năm - 4 mùa - 0 ai khác - chỉ có 2 ta

* B

1 mình - 4 bức tường - 0 gái - 2 dòng nước mắt

Valentine's definition of the FA.

Valentine:
V vợi vã
A ăn xong
L lên giường
E êm ái
N nhắm mắt
T trong chăn
I im lặng
N nằm ngủ
E(end) hết

Although paradoxical but this is the truth. February 14 must be a lie day and a quarter will be Valentine's Day.
