BUZZ is a character that many people at that time used to chat with someone without receiving a reply from them. The shortcut of this character is CTRL + G.

## 2. A lively chat room

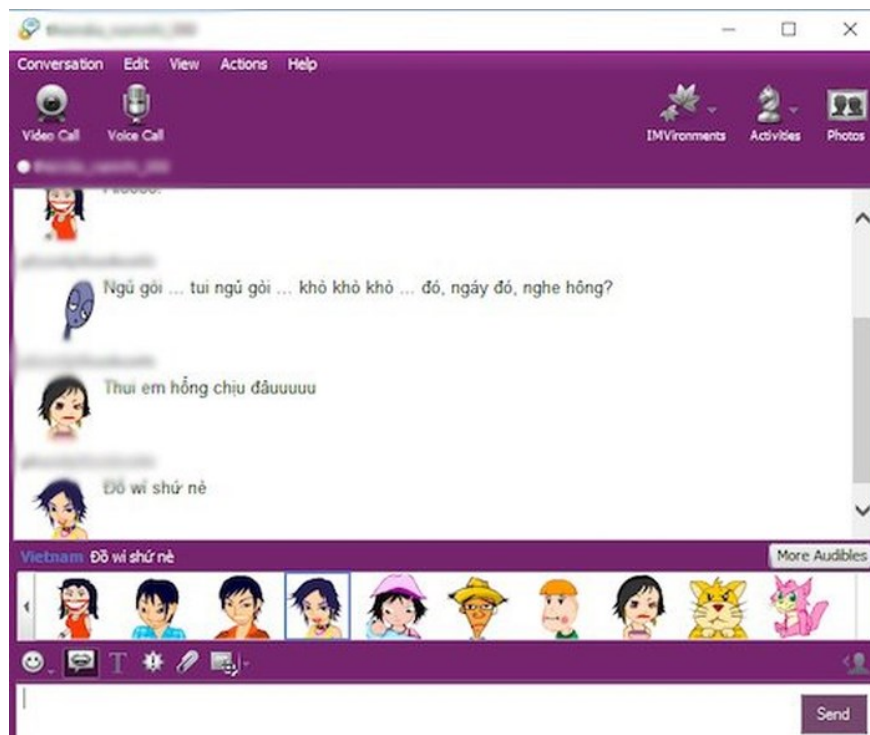

At that time, only Yahoo Messenger was in vogue, so the number of users was extremely large. To chat, people often set up a chat room with many friends to chat all night . even karaoke.

## 3. Emoticons

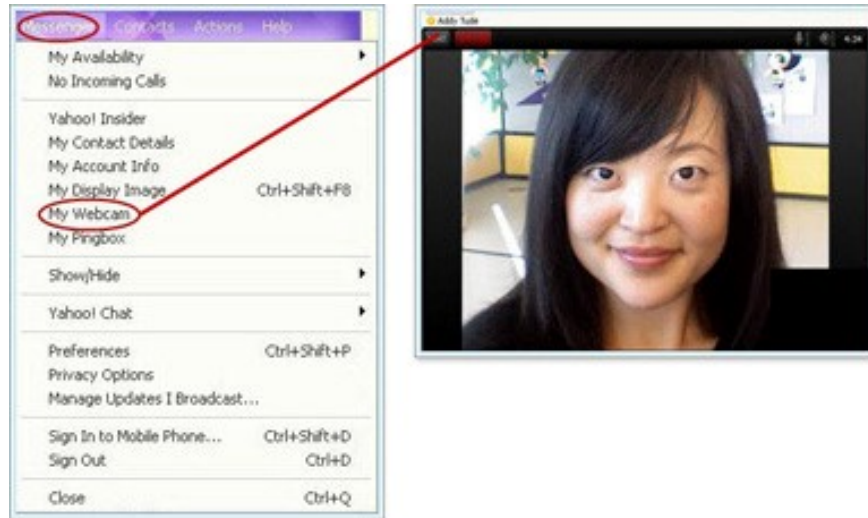

Perhaps the emotion set today is also far from this Yahoo Messenger classic emoticon. Here users can find all the emoticons you want to express.

## 4. Emotion set for Vietnam

In Vietnam Yahoo Messenger also designed for users with Vietnamese-style icons which are used by many users when chatting.

## 5. Webcam

Thanks to Yahoo Messenger, the sales of webcams were also sold very well in Vietnam. Although the image quality is not as good as the current social networking applications.

## 6. Online list

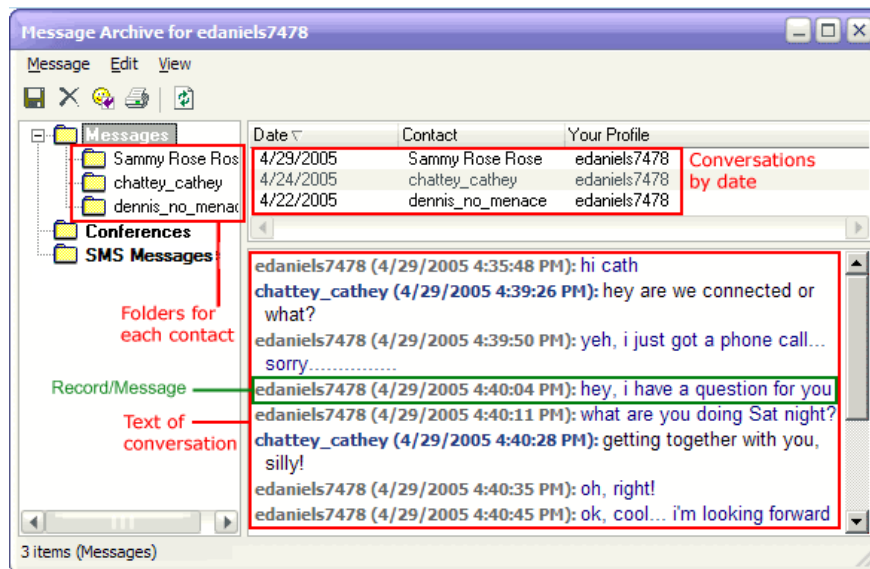

Long nicknames, lamentations, 'I'm mobile', then shut down / open when a very popular online / offline nick.

## 7. Block nick

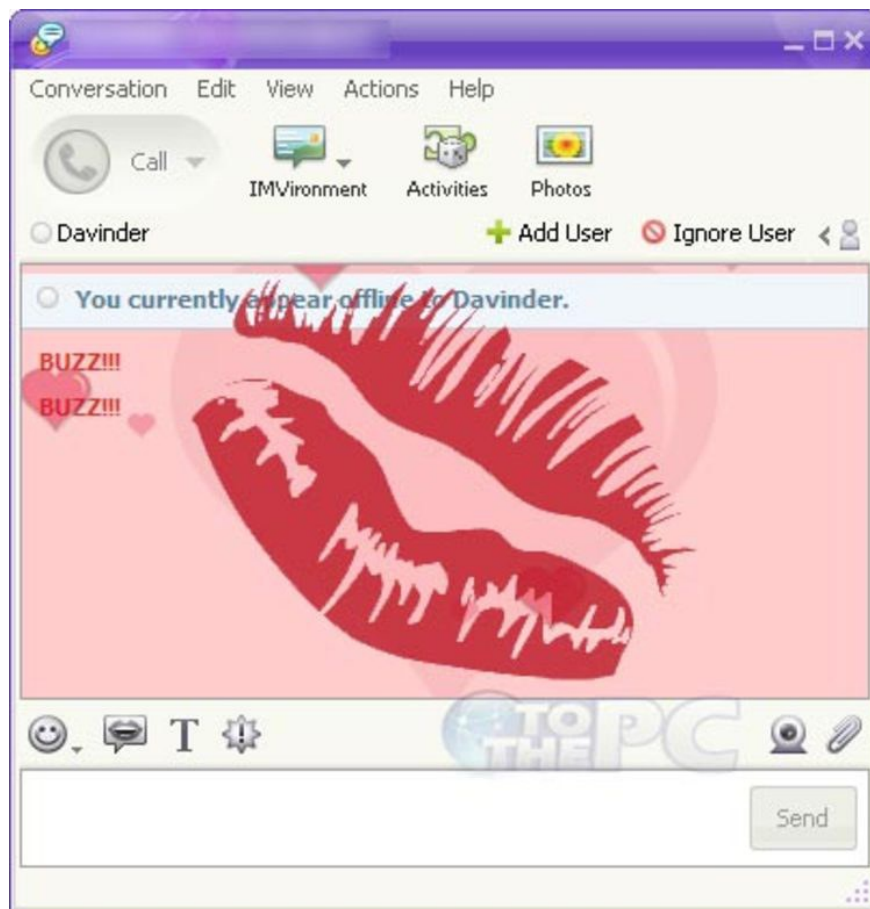

How many people do your lists block?

## 8. Chat history

It's not hard to find the conversations you've ever been involved with, because Yahoo Messenger almost saves the user's chat content.

## 9. Heart chat background
