

# The interface of Messenger messages is converted to a square and this is a fix

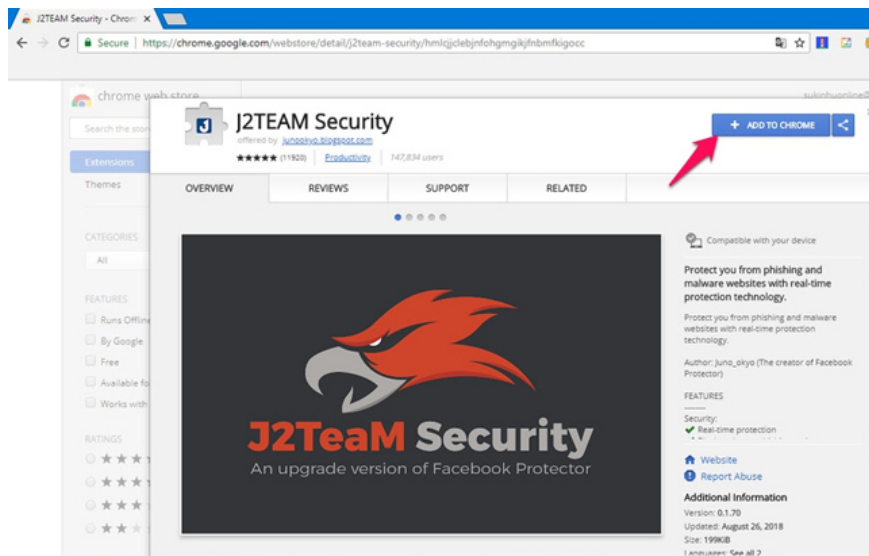

Recently Messenger's messaging interface on many Facebook users' computers has been switched from rounded to square, causing discomfort when used. This may be just a temporary error of Facebook, not a change in the look of this social network.

Recently Messenger's messaging interface on many Facebook users' computers has been switched from rounded to square, causing discomfort when used. This may be just a temporary error of Facebook, not a change in the look of this social network.

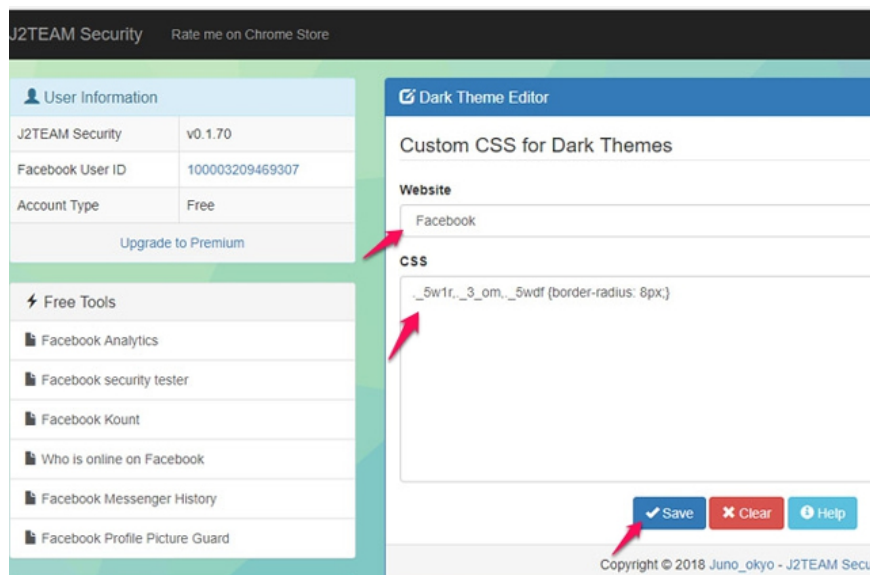

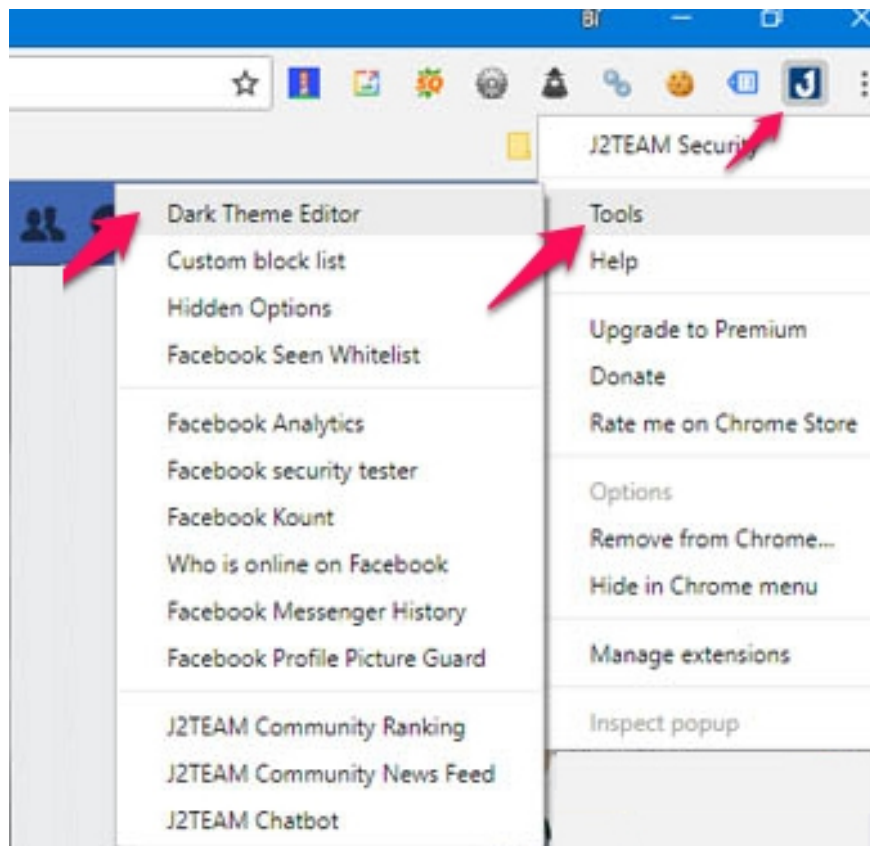

While waiting for Facebook to update and fix, the unfortunate users of this "stick" error can follow the instructions below to switch the interface back to the same way.

Step 1: Visit the link below to download and install extension J2Team Security.

J2TEAM Security

Step 2: Right-click the icon of J2TEAM Security, select **Tools** -> select **Dark Theme Editor** -> in Website section select **Facebook** -> in CSS section, enter `._5w1r, ._3_om, ._5wdf {border-radius: 8px;}` -> click **Save** -> Reload Facebook.
