Where to get more Naraka Bladepoint code?

To get more Naraka Bladepoint code, you just need to save this website of TipsMake.com and reopen it every day to check. If you are using Google Chrome or Coc Coc, save it with CTRL+D to save the page in the bookmarks bar.

Or, you follow 24 Entertainment on other Social Networking apps like Facebook, Threads, Twitter, Discord. They will release the latest information for players as well as the game's giftcode.

Code Naraka is often added to the game by developers when the game updates new content, or during holidays, or when the developer launches events for you to participate in and get your own code for yourself and redeem.

Why can't I enter the Naraka code?

Because the code you entered is not correct, the Naraka code usually has alphanumeric characters, along with sometimes special characters. So you need to enter the correct and enough characters in the game to redeem the reward.

Another reason could be that the code has expired, the developer usually releases one or more codes and they will have an expiration date. If it's long, it's a few months, it's only for a few weeks or days, so when you update the new code, please enter it immediately to redeem the reward.

Note before changing code Naraka

Before you change the code, remember that your character can only redeem the code once. So please enter the entire code at once to redeem the reward. As for the Torchbearer code, you can only enter if your friend is on the same platform as you, ie if you play Naraka on PC, your friend will also have to play on PC to be able to redeem the Torchbearer code. This also applies to PC players.
